

QUICK INSTALLATION TIPS OF foot bar

Product Kit Overview			
Foot bar  1 Piece	Wall Plugs  2 Piece	Screws  2 Piece	Decorative Caps  2 Piece

Installation Instructions

1.A. Use an Allen key to unscrew the two connected screws on the foot bar. Position the foot bar on your chosen wall and check that it is horizontally aligned using a spirit level. Use a pencil to mark out the required drill holes on the wall.

B. Move the foot bar aside, and use a 8mm drill bit to drill the holes into the wall.

2. Insert the wall plugs into the drilled holes and lightly tap into place using a rubber mallet until they become level with the wall.

3. Fix the foot bar over the wall plugs. Fix the provided screws into place using a screwdriver. Install the decorative caps onto the screws.

4. Installation finished.

Warranty Requirements

Please follow the instructions provided within this guide, as any damage caused by improper installation, use, or maintenance will void your warranty

- Do not use acid cleansers.
- Do not use abrasive cleaners.
- Do not use abrasive cloths.

Maintenance Instructions

- To clean the foot bar gently apply water or glass cleaner to its surface and wipe it dry with a soft cloth.
 - To remove surface marks, use a non-abrasive, neutral cleansing solution.
 - Avoid any contact with acidic and/or abrasive cleaning solutions and cloths.
- ★ The consumer needs to take responsibility for any damage caused by improper maintenance and incorrect cleaning products.
