

FEATURES

- Single threshold for alcove installation.
- Our culture marble shower base is a cast polymer material composed of resin, stone products and pigments. It is strong, lightweight, slip resistant and scratch resistant.
- Heavy duty 1" high integral tiling flange for a waterproof installation.
- Low threshold front curb for easy entry and exit.
- 3" wide threshold as well as a 3" threshold height for a modern design.
- The shower floor is textured with small dots for slip resistance.
- Designed for installation for new or existing construction.
- Select from left or right end drain location. Must order either LH or RH.
- Easy installation. Level with thinset mortar mix.
- Our collection of cultured marble bases match all Samuel Mueller walls with both tile and velvet finishes.
- Features a color matched modern shower drain cover that uses a conventional shower drain underneath. Drain not included.
- 10 Year Limited Residential Warranty / 3 Year Commercial Warranty
