# News 2018

Meet the beauty of water.

# Experience water like never before.

---

Today, more than ever before, the bathroom and kitchen are places where life takes place. They are places where we can withdraw and let go, relax and find new energy, spend precious time alone or with the family.

That is why hansgrohe is constantly developing trailblazing solutions that ensure our encounters with water are fabulous and memorable experiences, every day anew. Explore this brochure and find the latest hansgrohe innovations that reinvent our handling of water with design and technology, and above all make sure of one thing in daily life:

# Welcome a new personality into your bathroom – **Metropol.**

---

Clarity is redefined with the new Metropol line by hansgrohe. With its geometric lines, it puts on a memorable charismatic performance in any modern bathroom.

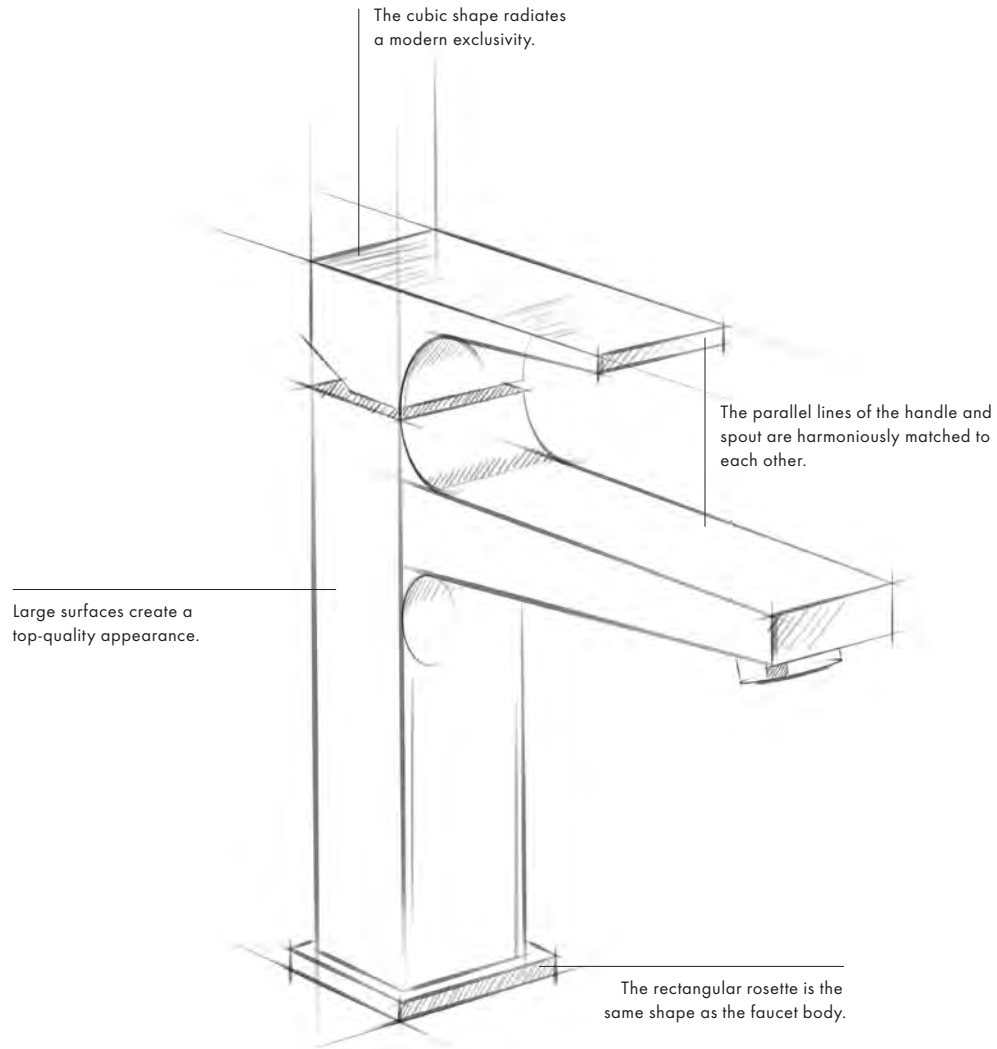

# Everything points towards character.

---

With its precise yet appealing design, the Metropol line is the foundation of high-quality bathroom design. Its stylish silhouette that utilizes elegant geometric shapes creates an expressive appearance in any bathroom.

The single-hole faucet with Lever handle makes a modern design statement.

Functional and architectural elements unite in the Metropol faucet's expressive character.

# Design is a language best spoken fluently.

---

Metropol bath products are excellent for a stylish, overall ambience. The Metropol line transforms any modern bathroom into a place of exceptional character.

## **Eye-catching design at the washbasin.**

The distinctive cubist design of the Metropol single-hole faucets with its precise, stylish contours is continued in the design of wall-mounted faucets.

# Design options for the bath.

---

Offering elegance, delicacy or minimalism, the Metropol faucets with three aesthetic handle options provide the perfect freedom for your personal style.

The linearity of the **Lever** handle elegantly continues the simple design.

The **Loop** handle radiates lightness, while its shape simplifies its use.

The **Select** handle combines minimalist design with intuitive handling.

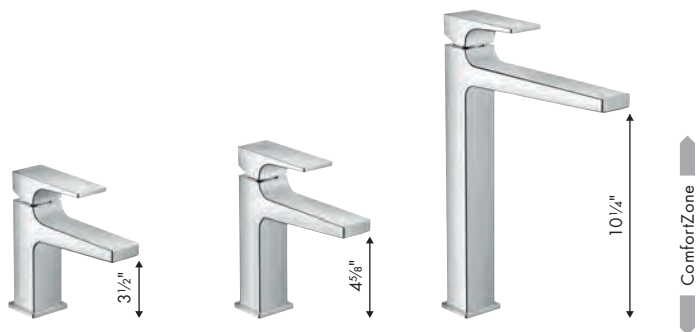

#### **Select Handle - Flow**

The water flow starts and stops at the touch of a button.

#### **Select Handle - Temperature**

The desired temperature is set by turning.

Metropol faucets are available in three heights.

Metropol 260 Single-Hole Faucet with Lever Handle

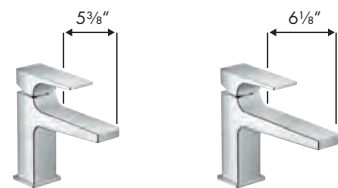

# Space and comfort at its finest.

The hansgrohe ComfortZone defines the usable space between washbasin and faucet. With the Metropol faucets available in three different heights, you can define your own individual space for washing your hands.

Two spout lengths are available, so you can optimize how far the spout extends into the washbasin, giving you maximum comfort.

Metropol 110 Single-Hole Faucet with Lever Handle

# Metropol with Loop Handle

# The perfect shower. Fair and square: **Raindance E.**

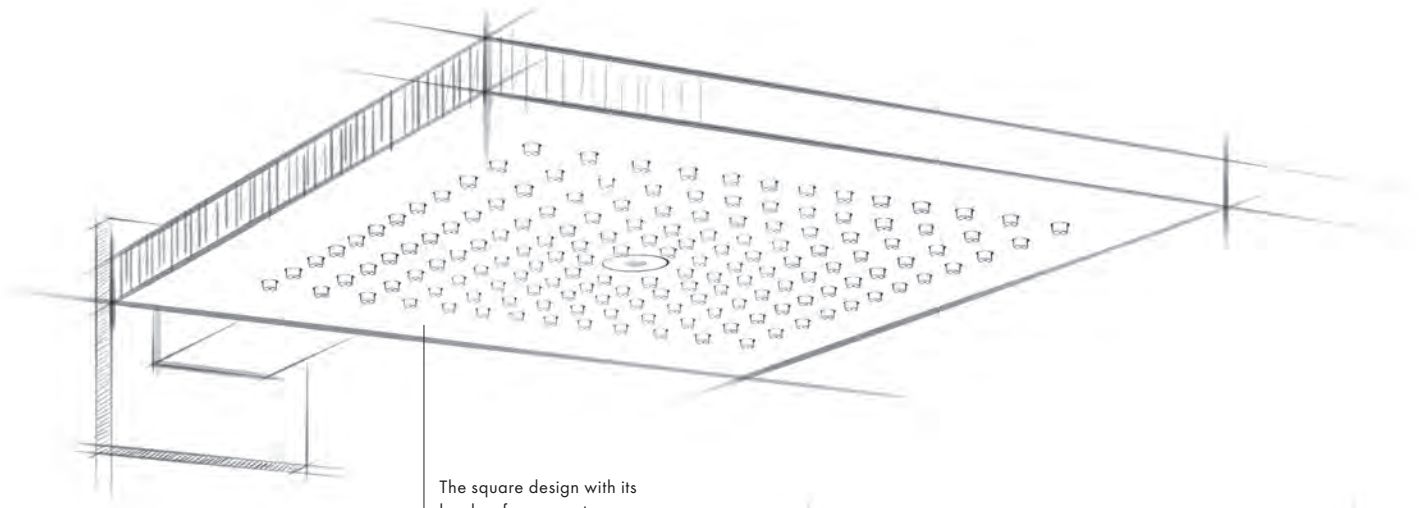

---

Showering pleasure now has a new shape: the Raindance E shower products appeal for their striking linear design. Its square shape will be the eye-catcher in any modern bathroom interior.

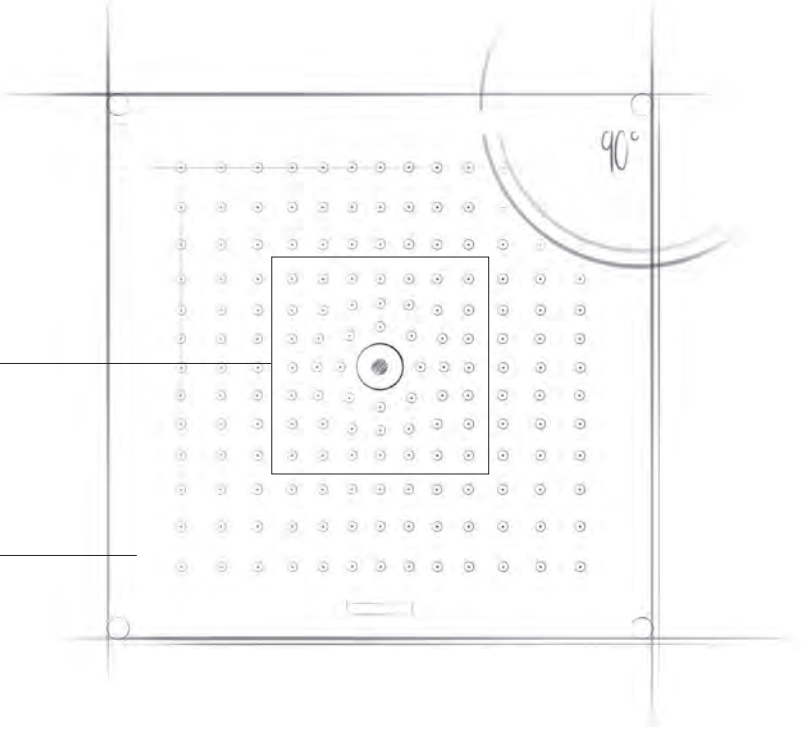

# Find relaxation in all four corners — **Raindance E.**

With its puristic design and excellent materiality of the stylish chrome and brushed nickel finishes, Raindance E showers radiate an exclusive aesthetic that is without equal. Its generous, level surfaces offer the perfect options for combining with the new Metropol faucet line and the ShowerSelect finish sets.

The square design with its level surfaces creates a contemporary effect.

Up close: The nozzles are arranged closer together around the center to create an intense jet for washing out shampoo.

Relaxed: The more widely spaced nozzles with their gentle jet ensure a relaxing shower experience.

The clear shape is the perfect match for the new Metropolis faucet line.

As a flush-ceiling version with a spray face of 15 inches, the showerhead blends harmoniously with the ceiling.

# A clear statement for function.

---

The ShowerTablet 600 features function and utility as a dual-function thermostat that doubles as storage and shelving in the shower. Nearly two feet in width, the ShowerTablet 600 is the perfect place to have all of your bathroom necessities within reach during your shower experience. The mirrored safety glass featured on both the thermostat and the Raindance E Unica wallbar creates a sleek finish to your shower solution that can withstand daily use. The adjustable wallbar provides additional shelving for a completely customizable shower.

Temperature and volume control.

Height-adjustable shower holder.

# Expanded assortment of efficient shower products at **2.0 and 1.8 GPM.**

---

With the addition of several new and exciting shower products, such as the Croma 280 showerhead, and the Crometta line, as well as adding dozens of reduced flow models of our existing Raindance and Croma showers, the hansgrohe brand has greatly expanded our assortment of efficient shower products. Now, it's easier than ever to choose the water-saving products which are just right for you.

# Fresh design and improved performance — **Crometta.**

---

The hansgrohe brand is known for our legacy of innovation in the shower — which makes the new Crometta line no exception. The Crometta S 240 and E 240 showerheads feature a 10-inch spray face with a refined design and stunning spray performance. With a 6-inch spray face the smaller Crometta 160 makes for a more enjoyable shower experience at an entry-level price point. Crometta handshowers are sleek, functional, and feature a range of spray modes, with an easy-to-clean white spray face.

### **The Showerheads**

These showerheads shine thanks to their generously proportioned sprayfaces and outstanding power. Available in chrome and brushed nickel finishes, as well as white/ chrome from the Croma 160 showerhead. Each with a flow rate of 2.0 GPM.

### **The Handshowers**

The attractive white sprayface of the ergonomic handshowers makes a refreshing impression and blends in perfectly with any bathroom environment. Available in chrome and brushed nickel finishes, with flow rate options of 2.0 and 1.8 GPM.

## Technologies

Intuitive water control – at the touch of an elegant button.

Each drop of water is infused with air, delivering an invigorating high-performance jet.

Keeps the flow to a minimum to save water and energy without sacrificing performance.

Anti-limescale function. Silicone spray channels/aerators enable you to simply wipe away deposits.

A generous sprayface that distributes water over a wide area, so your whole body is completely covered.

Defines the distance between faucet spout and base, ensuring a perfect fit for every combination of faucet and sink.

## Spray Modes

A spray that is perfect for rinsing shampoo out of your hair.

A solid, steady stream of water for efficient showering.

A soft water spray that caresses the body for that feel-good sensation.

Intense water spray that energizes and wakes you up.

A harmonious combination of gentle shower drops and invigorating massage spray.

For new energy after a challenging day: The dynamic, revitalizing massage spray.

A concentrated spray for massaging specific areas of the body.

A strong massage spray that invigorates and soothes aching muscles.

A gentle shower rain with air-enriched drops to wash away daily stress.
