ROBERN: THE BEAUTY OF THE UNEXPECTED

Nothing has the power to change the way we live like design and technology. For Robern, this dynamic combination has enabled us to transform the styling space in unexpected and fulfilling ways. Making everyday routines more seamless, more surprising and, undoubtedly, more beautiful.

For 50 years, our skilled team has taken the ever-changing possibilities presented by advanced technology and integrated them into thoughtful, leading-edge design. And for the next 50 years, this approach will serve to shape our product portfolio as we continue to engineer everyday experiences that are second to none.

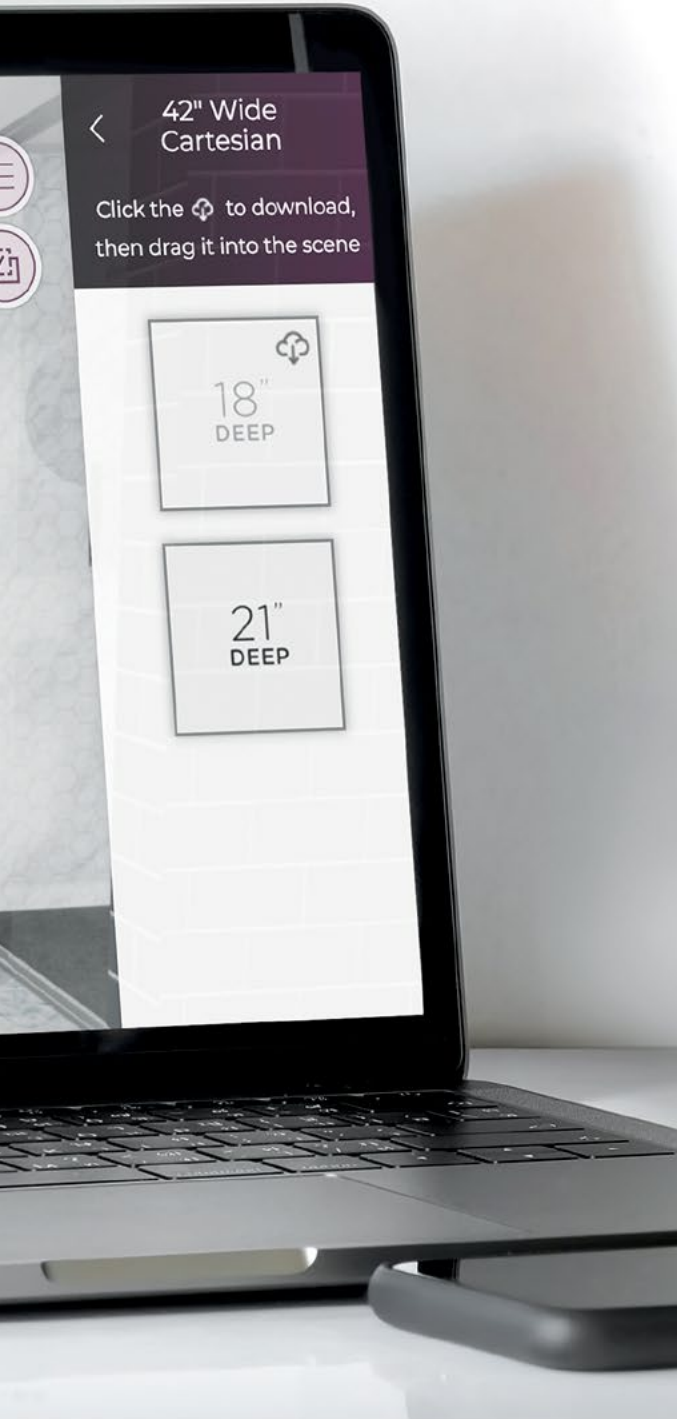

robern®

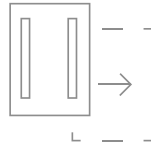

ROBERN DESIGNER

Streamline the design and selection process of your bathroom styling space with our free design tool, available now for desktop. Simply enter the dimensions, select your products, mix and match finishes, and see the finished design in your layout.

Using the intuitive interface, you'll be able to view your configuration from every angle to truly visualize it in your space.

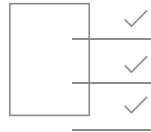

1. DESIGN

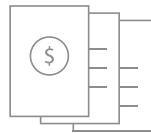

Create, configure and collaborate—Robern Designer makes each step of the design process easy. Select from preconfigured room layouts and use our drag-and-drop tool to design your dream space.

2. SELECTION

With just a few clicks, mix and match products, colors and materials to find the pieces that reflect your personal style. From the initial floor plan to the finishing touches, we'll help you create a customized, functional styling space.

3. ORDER

Once you've finalized your design, Robern Designer will help you move seamlessly to the next step. Save and share your design, create a bill of materials, link to specification sheets and installation guides, and connect with a showroom that can fulfill your order.

Visit robern.com/designer to see how Robern Designer can simplify the design and ordering process for you.

WHAT'S NEW

THE VITALITY[®] SCULPT[™] LIGHTED MIRROR

The Vitality Mirror Collection was introduced to give you ideal lighting for all of your bathroom tasks. Now, this already striking collection offers a new line of meticulously designed museum framed mirrors that take the same optimal brightness and add stunningly stylish enhancements to ensure you always find your best light.

VITALITY SCULPT LIGHTED MIRRORS WITH CHAMFER FRAME IN MATTE BLACK

FRAMES THAT DEFINE

Lighted Mirror Collection includes two frame styles: Chamfer and Slim. The angled design of the Chamfer museum frame adds dimension for a unique look that pairs well with transitional and traditional environments. For a shadow box effect and to complement a modern aesthetic, the sleek profile of the Slim museum frame creates a minimalist look.

FINISHES & STYLES

Each museum frame is available in four stunning finishes to coordinate with other finishes in the space. They come in an assortment of styles and sizes to accentuate and meet the needs of a variety of styling spaces.

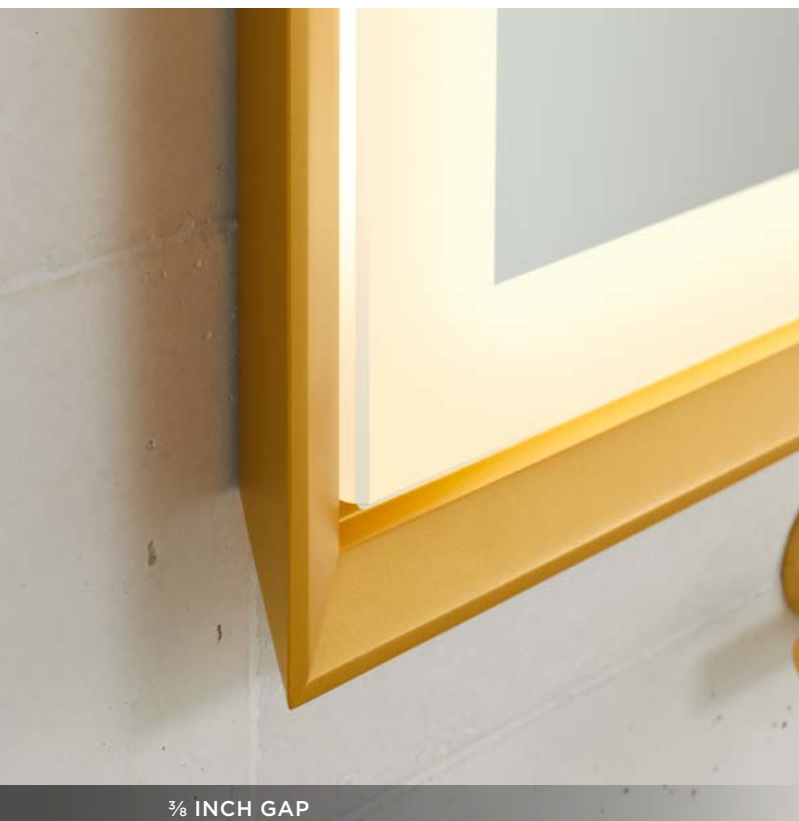

CHROME

POLISHED NICKEL

MATTE GOLD

MATTE BLACK

$\frac{3}{8}$ INCH GAP

METICULOUS DESIGN

Museum frames showcase the lighted mirror by featuring a $\frac{3}{8}$ inch gap between the edge of the mirror and the overall frame. This kind of precision design allows for even task lighting, high CRI and lumen output so you still see your truest reflection.

VITALITY® SCULPT LIGHTED MIRROR WITH SLIM FRAME IN POLISHED NICKEL

Tips & Features

Dimensions & Weight

- Slim Museum (W x H):
25-1/4" x 31-1/4" (641 mm x 794 mm)
25-1/4" x 41-1/4" (641 mm x 1048 mm)
31-1/4" x 41-1/4" (794 mm x 1048 mm)
- Chamfer Museum (W x H):
27" x 33" (686 mm x 838 mm)
27" x 43" (686 mm x 1092 mm)
33" x 43" (838 mm x 1092 mm)
- Frame Depth:
Slim Museum = 2-1/4" (57 mm)
Chamfer Museum = 2-5/16" (59 mm)
- Net Weight: 28 – 40 lbs

Features & Benefits

- An assortment of styles and sizes to accentuate and meet the needs of a variety of styling spaces
- Museum frames showcase a 3/8" gap between the edge of the mirror and the overall frame. The lighting and gap work together to create an even, uniformed illumination across the frame and finishes while providing ambiance and task lighting
- Museum frames include two frame styles:
Slim and Chamfer
Slim Museum Frame: for a shadow box effect and to complement a modern aesthetic, the sleek profile creates a minimalist look
Chamfer Museum Frame: the angled design adds dimension for a unique look that pairs well with transitional and traditional environments
- Match or coordinate fixtures in your styling space with four popular metal frame finishes:
Chrome, Polished Nickel, Matte Gold, Matte Black
- Create a coordinated ensemble by pairing with Profiles Vanities
- Warm, relaxing tones (2700K) that replicate indoor lighting
- Light direction and output eliminates dark shadows, provides bright, even task lighting and rich, saturated tone in your reflection

Features & Benefits (Continued)

- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection
- Dimmable LED task lighting lets you select the ideal brightness for any task, using a standard dimmer that works with existing wiring. The mirror's LED task lighting provides continuously dimmable brightness to 1%
- Defogging technology ensures a clear reflection using a standard wall switch
- Energy efficient LEDs with an estimated life of 53,000 hours
- Compatible with most Triac/Phase-cut dimmers
- Constructed to operate in high humidity or damp spaces. UL Certified for damp locations to UL 962, CSA Standard C22.2

Title 24 Compliant Models

- LED mirror models (K) tested and certified to California Title 24 standards and meet JA8 2016 requirements
- The Title 24 certified LED mirror has up to 60% more lumen output than the standard model. This increases the overall brightness of warm white light that illuminates your space and reflection
- The mirror's LED task lighting exceeds Title 24 requirements (< 10% minimum dimming level) with continuously dimmable brightness to 1%
- Vacancy and dimmer recommendation:
Maestro C•L Dimmer and Motion Sensor

Configurable Options

- Mirror Style:
Perimeter Rectangle, Title 24 Perimeter Rectangle
- Frame Styles: Slim Museum, Chamfer Museum
- Metal Frame Finishes:
Chrome, Polished Nickel, Matte Gold, Matte Black

Vitality Sculpt™ Lighted Mirrors – Tips & Features

Tips & Features (Continued)

Construction

- **Frame Construction:**
Plated Chrome and Polished Nickel finishes provide easy upkeep, exceptional durability, and a timeless look that complements any design
Anodized Matte Gold and Matte Black finish options are easy to maintain and won't chip, peel, or fade – so you can enjoy their beauty for years to come
- Durable rust-free anodized aluminum and glass construction – glass resists intense moisture, ensuring long-lasting beauty
- Quality polished edge mirror
- Constructed for surface mounting
- Salt Spray Testing – ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Secure placement: Independent lab testing of mirror and frame mounting to ensure that it meets the standard for safety

Installation

- This installation may require more than one person
- Includes installation hardware with easy installation via Plug and Hang System:
Install mirror by plugging into an outlet behind the mirror, eliminating the need to bring back an electrician to install or remove – making it a cinch for both new construction and renovations.
Works in all North American outlets
Hang the mirror using a pinch cleat mounting system, which provides strength and simplicity to the installation process
- Requires 120 VAC 20 amp GFCI circuit protected wall outlet (configured as detailed in installation instructions)
- Mirror functions (lighting, defogger) operated using standard residential dimmers and switches, available separately through electrical supply and home improvements centers
- Dimmer recommendation:
C•L® Dimmers or Caseta Wireless from LUTRON®
- For on/off (no dimmer) operation, a standard wall switch may be substituted in place of the dimmer
- Hang in portrait orientation only

Features & Benefits

- Choose between warm, relaxing tones (2700K) that replicate indoor lighting or cool, invigorating tones (4000K), which simulate bright daylight
- Light direction and output eliminates dark shadows, provides bright, even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting lets you select the ideal brightness for any task, using a standard dimmer that works with existing wiring. The mirror's LED task lighting provides continuously dimmable brightness to 1%
- Defogging technology ensures a clear reflection using a standard wall switch
- Energy efficient LEDs with an estimated life of 53,000 hours
- Compatible with most Triac/Phase-cut dimmers; 0-10V for custom projects
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 962, CSA Standard C22.2, No. 12-82

Title 24 Compliant Models

NEW!

- LED mirror models (K) tested and certified to California Title 24 standards and meet JA8 2016 requirements
- The Title 24 certified LED mirror has up to 60% more lumen output than the standard model. This increases the overall brightness of warm white light that illuminates your space and reflection
- The mirror's LED task lighting exceeds Title 24 requirements (< 10% minimum dimming level) with continuously dimmable brightness to 1%
- Vacancy and dimmer recommendation: Maestro C•L Dimmer and Motion Sensor

Configurable Options

- Mirror Styles: Inset Rectangle, Perimeter Rectangle, Column Rectangle, Inset Circle, Perimeter Circle, Title 24 Compliant Perimeter Rectangle
- Color Temperature: 2700K or 4000K

Construction

- Durable rust-free anodized aluminum and glass construction – glass resists intense moisture, ensures long-lasting beauty
- Quality polished edge mirror
- Constructed for surface mounting

For a Framed solution, see pages 23 – 25.

Tips & Features (Continued)

Installation

- Installation may require more than one person
- Includes installation hardware with easy installation via Plug and Hang System:
Install mirror by plugging into an outlet behind the mirror, eliminating the need to bring back an electrician to install or remove – making it a cinch for both new construction and renovations. Works in all North American outlets
Hang the mirror using a pinch cleat mounting system, which provides strength and simplicity to the installation process
- Requires 120 VAC 20 amp GFCI circuit protected wall outlet (configured as detailed in installation instructions)
- Mirror functions (lighting, defogger) operated using standard residential dimmers and switches, available separately through electrical supply and home improvements centers
- Dimmer recommendation:
C•L® Dimmers or Caseta Wireless from LUTRON®
- For on/off (no dimmer) operation, a standard wall switch may be substituted in place of the dimmer

WHAT'S NEW

PROFILES™ WITH ANTIQUE MIRROR GLASS

The stunning and versatile Profiles Collection welcomes two new dramatic Italian glass options to the lineup: antique mirror in Arcobaleno and Luna. A combination of old-world craftsmanship and modern-day techniques, the antique mirror options from Roborn bring depth and dimension to a variety of design schemes. The handmade quality and the individual effects of the oxidation process ensure no two decorative surfaces are alike—and that every space gets a unique touch.

PROFILES™ VANITY WITH LUNA ANTIQUE MIRROR GLASS

LUNA + MATTE BLACK

Paired with a modern Matte Black frame, the shimmering interplay of silver and smoke in the Luna antique mirror glass is as fascinating as it is stylish.

LUNA ANTIQUE MIRROR GLASS

ARCOBALENO ANTIQUE MIRROR GLASS

ARCOBALENO + MATTE GOLD

Gold and silver create an organic display in the Arcobaleno antique mirror glass, which is complemented by a chic Matte Gold frame.

Construction

- Durable rust-free anodized aluminum and glass construction – glass resists intense moisture, ensuring long-lasting beauty
- Slow-close full-extension slides combined with the durability of aluminum construction ensure smooth operation of the vanity drawers that will last a lifetime
- Constructed for wall hanging loads with stone tops
- Glass fronts and side kits are replaceable
- Industrial grade installation hardware
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

Profiles™ Vanities with Antique Mirror Glass – Tips & Features

Tips & Features (Continued)

Installation

- This installation may require more than one person
- Includes installation hardware and structural bolts
- Special site preparation is required. Wall bracing and Robern supplied hardware are recommended
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity.
- Components needed for stacking are included with each vanity; ganging kit sold separately for the 60" configuration
- Side kits are sold separately to allow for customization and are available as pairs
- Each design offers the necessary 15" plumbing clearance needed to clear the pipes
- Night light (S) – 12VDC plug-in transformer. Option of two color temperatures for one night light: 2700 or 4000 Kelvin. The vanity is preconfigured at 2700K. Night light can be reconfigured to 4000K at time of installation, see installation instructions for more information
- Electric Accessory option: 120VAC 20A tamper resistant outlet. Installed within 15" H (H2) vanity drawer; not recommended to be used in combination with Slim Drawer Insert; recommended in combination with Hair Styling Organizer
- Slim plumbing drawer insert must be used with a sink installation – includes four glass bins and only available for 15" H (H2) vanities
- Hair Styling Organizer fits all 15" H (H2) full vanity drawers; cannot be used in combination with slim plumbing drawer insert; recommended in combination with Electric Accessory

Accessories

- In-drawer Electric Accessory (VAELECTRIC21): ETL certified to UL 1363, CSA Standard C22.2 No. 21; to be used in 15" H (H2) vanity drawers only
- Hair Styling Organizer (VAHAIRORG): fits most hair dryers and curling irons – to be used in 15" H (H2) vanity drawers only
- Slim Plumbing Drawer insert with four glass bins (VADRAWER30P) – to be used in 15" H (H2) vanity drawers only
- Glass Bins: divided storage (GLASSBIN6.38), small (GLASSBIN3.25), medium (GLASSBIN5.25), large (GLASSBIN8.5)
- Glass (30" W only) and engineered stone tops with porcelain sink
- Glass side kits sold separately as a pair. Available in 22-1/2" (H3) height and 21" depth
- Ganging kits are required for the 60" W configuration. One 22-1/2" (H3) ganging kit is needed to gang the vanity drawers together
- Alcove finishing kits are required for corner or alcove installations and is available in 22-1/2" (H3) height

Tips & Features

Dimensions & Weight

- Width:
30-1/2" (876 mm)
36-1/2" (927 mm)
42-1/2" (1080 mm)
- Height:
7-1/2" (191 mm) and 15" (381 mm) vanity heights;
34-1/2" (876 mm) installed height
- Depth: 21-3/4" (552 mm)
- Net Weight: 52 – 117 lbs

Features & Benefits

- Console Vanity
- Glass finish options:
Mirror, 12 decorative gloss and matte finishes and 3 leg finish options
- Left and right hidden side tip outs for additional storage: house hand towels, tissues, waste, magazines and small items to provide a level of convenience while minimizing space
- Plumbing slow-close drawer allows clearance for drain; tip out drawer (H1) gives storage back by providing a drawer for smaller items
- Uniquely designed handleless ergonomic drawer, allows for a comfortable feel and effortless operation
- H1 (7-1/2") vanities include five glass bins for plumbing drawers; H2 (15") vanities include one glass bin with plumbing drawers

Features & Benefits (Continued)

- Organization kit for H2 (15" H): two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night Light Option – integrated LED night light with light bar built into top frame of each drawer, provides soft light to illuminate drawer interior and for wayfinding light in either selectable 2700 Kelvin/4000 Kelvin or 5000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Electric accessory option: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in

Configurable Options

- Decorative Glass Options:
Mirror, 12 decorative gloss and matte finishes
- Drawer Application:
Plumbing Drawer (P) or Front Tip Out – H1 only (T)
- Leg Finish Options:
Chrome, Brushed Nickel, and Brushed Black
- Night Light:
No Night Light or Integrated LED Night Light in selectable 2700 Kelvin/4000 Kelvin or 5000 Kelvin
- Side Storage Options:
Empty, Articulating, Waste, Literature, Cotton

Ballemo® Vanities – Tips & Features

Tips & Features (Continued)

Construction

- Durable rust-free anodized aluminum and glass construction – glass resists intense moisture, ensuring long-lasting beauty
- Slow-close full-extension slides combined with the durability of aluminum construction ensure smooth operation of the vanity drawers that will last a lifetime
- One piece extruded & CNC machined aluminum legs
- Structural front legs and wall hanging rear supports
- Constructed for wall hanging loads with stone tops
- Glass fronts and side tip outs are replaceable
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

Installation

- This installation may require more than one person
- Includes installation hardware and structural bolts
- Special site preparation is required. Wall bracing and Roborn supplied hardware are recommended
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity.
- With a 7-1/2" H (H1) vanity, a tip out drawer must be used with an undercounter sink
- Side Stop: for use with 15" H vanity, reduces the distance the side storage drawer can open from 8-3/4" to 5-1/8"
- Night light option (S) – 12VDC plug-in transformer. Option of two color temperatures for one night light: 2700 or 4000 Kelvin. The vanity is preconfigured at 2700K. Night light can be reconfigured to 4000K at time of installation. See installation instructions for more information.
- Night light option (L) – 12VDC plug-in transformer in 5000 Kelvin color temperature. Locate wall outlet as per installation instructions.

Installation (Continued)

- Electric Accessory option: 120VAC 20A tamper resistant outlet. Installed within 15" H (H2) vanity drawer; not recommended to be used in combination with Slim Drawer Insert; recommended in combination with Hair Styling Organizer
- Slim plumbing drawer insert must be used with an above-counter sink installation – includes four glass bins and only available for 15" H (H2) vanities
- Hair Styling Organizer fits all 15" H (H2) vanity drawers except 24" plumbing drawer; cannot be used in combination with slim drawer insert; recommended in combination with Electric Accessory

Accessories

- In-drawer Electric Accessory (VAELECTRIC21): ETL certified to UL 1363, CSA Standard C22.2 No. 21 – 15" H only
- Accessory Night Light in selectable 2700 Kelvin/ 4000 Kelvin (SLED24, SLED30, SLED36) and 5000 Kelvin (CLED24, CLED30, CLED36): Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Slim Plumbing Drawer Insert with five glass bins (VADRAWER24P, VADRAWER30P, VADRAWER36P) – 15" H only
- Glass Bins: divided storage (GLASSBIN6.38), small (GLASSBIN3.25), medium (GLASSBIN5.25), large (GLASSBIN8.5)
- Hair Styling Organizer (VAHAIRORG): fits most hair dryers and curling irons – to be used in 15" H (H2) vanity drawers only, will not fit in 30" W and 36" W plumbing drawer with an undercounter sink due to plumbing clearance
- Assorted side storage solutions:
Articulating Shelves (VALEVELH1 OR VALEVELH2)
Cotton/Tissue (VACOTTON1 OR VACOTTON3)
Literature (VALITERATURE)
Side storage stop (VASIDESTOP)
Waste (VAWASTE)
- Glass and engineered stone tops with porcelain sink

Dimensions & Weight

- Width (with side kits installed):
12-1/8" (308 mm)
24-1/8" (613 mm)
30-1/8" (765 mm)
36-1/8" (918 mm)
- Height:
7-1/2" (191 mm)
15" (381 mm)
- Depth:
18-3/4" (476 mm)
21-3/4" (552 mm)
- Net Weight: 17 – 55 lbs

Features & Benefits

- Match or coordinate fixtures in your styling space with four popular metal frame finishes: Chrome, Polished Nickel, Matte Gold, Matte Black
- Glass finish options:
Mirror, 10 decorative gloss and matte finishes
- Modular vanities can be ganged or stacked to fit a variety of desired heights and widths (ganging kit required)
- Create a coordinated ensemble by pairing with Profiles Medicine Cabinets, Profiles Lighting and Profiles Mirrors
- Plumbing slow-close drawer allows clearance for drain; tip out drawer (H1) gives storage back by providing a drawer for smaller items and full slow-close drawer allows for maximum storage when plumbing does not interfere
- Uniquely designed handleless ergonomic drawer, allows for a comfortable feel and effortless operation

Features & Benefits (Continued)

- H1 (7-1/2") vanities include five glass bins for plumbing drawers and four glass bins for full drawers; H2 (15") vanities include one glass bin with plumbing drawers
- Organization kit for H2 (15" H): two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night Light Option – integrated LED night light with light bar built into top frame of each drawer, provides soft light to illuminate drawer interior and for wayfinding light in selectable 2700 Kelvin/4000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Electric accessory option: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in

Configurable Options

- Metal Frame Finishes:
Chrome, Polished Nickel, Matte Gold, Matte Black
- Glass Finish Options:
Mirror, 10 Decorative Gloss and Matte Colors
- Night Light:
No Night Light or Integrated LED Night Light in selectable 2700 Kelvin/4000 Kelvin
- Drawer Application:
Choice of split plumbing (not available for 12" W drawer), full drawer or tip out drawer (7-1/2" H only, not available for 12" W drawer)

Tips & Features (Continued)

Construction

- Durable rust-free anodized aluminum and glass construction – glass resists intense moisture, ensuring long-lasting beauty
- Slow-close full-extension slides combined with the durability of aluminum construction ensure smooth operation of the vanity drawers that will last a lifetime
- Constructed for wall hanging loads with stone tops
- Glass fronts and side kits are replaceable
- Industrial grade installation hardware
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

Installation

- This installation may require more than one person
- Includes installation hardware and structural bolts
- Special site preparation is required. Wall bracing and Roborn supplied hardware are recommended
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity.
- Components needed for stacking are included with each vanity
- Within a column, all vanities must stay the same width. Ganging kit required for each column connection point and is selected based on the connection height of the cabinets. Each ganging kit is by 7-1/2" increments (H1 = 7-1/2", H2 = 15", H3 = 22-1/2", H4 = 30").
- Side kits are sold separately to allow for customization and are available individually or as pairs. You must choose one side kit or alcove kit for every exposed side.
- With a 7-1/2" H vanity, a tip out drawer must be used with an undercounter sink
- If stacking with a 7-1/2" tip out drawer, the second vanity must be a 7-1/2" plumbing drawer, a 15" plumbing drawer or a 15" full drawer as the first 15" needs plumbing clearance. If using 7-1/2" tip out for undercounter sink installation, slim plumbing drawer insert can be used with a 15" H plumbing drawer and still clear pipes.
- Full drawer units are intended for ganging and stacking and are not designed to accept a sink or plumbing.
- Night light option (S) – 12VDC plug-in transformer. Option of two color temperatures for one night light: 2700 or 4000 Kelvin. The vanity is preconfigured at 2700K. Night light can be reconfigured to 4000K at time of installation. See installation instructions for more information.

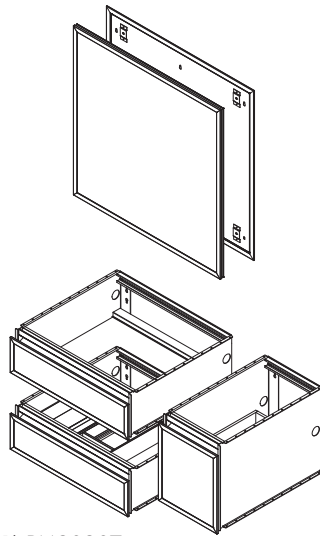

Installation (Continued)

- Electric Accessory option: 120VAC 20A tamper resistant outlet. Installed within 15" H (H2) vanity drawer; not recommended to be used in combination with Slim Drawer Insert; recommended in combination with Hair Styling Organizer
- Slim plumbing drawer insert must be used with an above-counter sink installation; full drawer version can be used in a full drawer – includes four glass bins and only available for 15" H (H2) vanities
- Hair Styling Organizer fits all 15" H (H2) vanity drawers except 24" plumbing drawer; cannot be used in combination with slim drawer insert; recommended in combination with Electric Accessory

Accessories

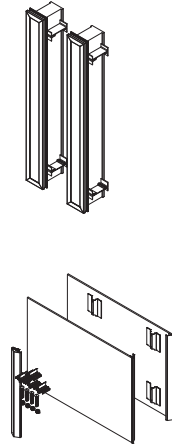

- In-drawer Electric Accessory (VAELECTRIC18, VAELECTRIC21): ETL certified to UL 1363, CSA Standard C22.2 No. 21 – 15" H only
- Accessory Night Light in selectable 2700 Kelvin/4000 Kelvin (SLEDS12, SLEDS24, SLEDS30, SLEDS36): Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Slim Plumbing Drawer Insert with four glass bins (VADRAWER24P, VADRAWER30P, VADRAWER36P) – 15" H only
- Slim Full Drawer Insert with four glass bins (VADRAWER12X, VADRAWER24X, VADRAWER30X, VADRAWER36X) – 15" H only
- Glass Bins: divided storage (GLASSBIN6.38), small (GLASSBIN3.25), medium (GLASSBIN5.25), large (GLASSBIN8.5)
- Hair Styling Organizer (VAHAIRORG): fits most hair dryers and curling irons – to be used in 15" H (H2) vanity drawers only
- Glass and engineered stone tops with porcelain sink
- Glass side kits sold separately as single units or as a pair. Available in 4 heights and 2 depths, and based on the final configuration of the vanity (7-1/2", 15", 22-1/2", 30")
- Ganging kits are required when combining two or more vanities and are available in 4 heights and based on the final configuration of the vanity (7-1/2", 15", 22-1/2", 30")
- Alcove finishing kits are required for corner or alcove installations and are available in 4 heights and based on the final configuration of the vanity (7-1/2", 15", 22-1/2", 30")

Dimensions & Weight

- Width:
12-1/4" (311 mm), 24-1/4" (616 mm),
30-1/4" (769 mm), 36-1/4" (921 mm),
48-1/4" (1226 mm), 60-1/4" (1530 mm)
- Height: 14" (356 mm)
- Depth: 21" (533 mm)
- Net Weight: 30 – 157 lbs

Features & Benefits

- Glass finish options: Mirror, 12 decorative gloss and matte finishes
- Choose between a contemporary look with hand-free operation drawers that open with a gentle push (push-to-open) or a more traditional design featuring a stylish ergonomically designed handle in brushed aluminum trim and slow-close drawers
- Plumbing drawer allows clearance for drain and full drawer allows for maximum storage when plumbing does not exist
- Vanities are modular and can be ganged with other V14 vanities to fit a variety of desired widths
- Vanities include five glass bins for plumbing drawers and four glass bins for full drawers

Features & Benefits (Continued)

- Organization kit: two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night Light Option – integrated LED night light with light bar built into top frame of each drawer, provides soft light to illuminate drawer interior and for wayfinding light in 5000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Electric accessory option: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in

Configurable Options

- Decorative Glass Options:
Mirror, 12 decorative gloss and matte finishes
- Drawer Application: full drawer or plumbing drawer
- Drawer Type: push-to-open or slow-close
- Night Light: No Night Light or Integrated LED Night Light in 5000 Kelvin

Tips & Features (Continued)

Construction

- Durable rust-free anodized aluminum and glass construction – glass resists intense moisture, ensuring long-lasting beauty
- 14" high vanity designed for convenient, customized bathroom storage
- Slow-close drawer features an ergonomically designed, integrated handle in brushed aluminum to coordinate with brushed aluminum trim; handle adds 1" depth to the depth of the vanity
- Uniquely designed push-to-open drawer mechanism provides hand-free operation
- Constructed for wall hanging loads with stone tops
- Glass fronts and side kits are replaceable
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

Installation

- This installation may require more than one person
- Includes installation hardware and structural bolts
- Special site preparation is required. Wall bracing and Roborn supplied hardware are recommended
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity.
- Modular units require a ganging kit to ensure proper space and drawer functionality; hardware required when stacking two or more wall hung vanities
- Full drawer units are intended for ganging and stacking and are not designed to accept a sink
- Included side kit adds 1/8" to each side, 1/4" to overall width of vanity (does not apply to 12" W vanities)
- 12" W Unit: single-drawer, no sink (12" W drawers are intended for ganging with other V14 units and do not ship with a side kit)
- 24" W, 30" W and 36" W Units: single plumbing clearance drawer, center sink installation and single full storage drawer, no sink
- 36" W Unit: 24" W unit with left or right plumbing clearance drawer for left or right mount sink installation, and 12" W unit (no sink)

Installation (Continued)

- 48" W Unit: three drawer unit consists of 24" W unit with center plumbing clearance drawer for center mount sink, flanked by two 12" W units (no sink) to left and right
- 60" W Unit: three drawer unit consists 36" W unit with center plumbing clearance drawer for center mount sink, flanked by two 12" W units (no sink) to left and right
- Night light option (L) – 12VDC plug-in transformer in 5000 Kelvin color temperature. Locate wall outlet as per installation instructions.
- Electric Accessory option: 120VAC 20A tamper resistant outlet. Installed within vanity drawer; not recommended to be used in combination with Slim Drawer Insert; recommended in combination with Hair Styling Organizer
- Hair Styling Organizer fits all vanity drawers except 24" plumbing drawer; cannot be used in combination with slim drawer insert; recommended in combination with Electric Accessory
- Slim plumbing drawer insert must be used with an above-counter sink installation; full drawer version can be used in a full drawer - includes four glass bins
- Toilet paper holder is installed directly to the vanity and can be installed on either side of the vanity

Accessories

- In-drawer Electric Accessory (VFELECTRIC): ETL certified to UL 1363, CSA Standard C22.2 No. 21
- Accessory Night Light in 5000 Kelvin (CLEDS12, CLEDS24, CLEDS30, CLEDS36): Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Slim Plumbing Drawer Insert with four glass bins (VFDRAWER24P, VFDRAWER30P, VFDRAWER36P)
- Slim Full Drawer Insert with four glass bins (VFDRAWER24X, VFDRAWER30X, VFDRAWER36X)
- Glass Bins: divided storage (GLASSBIN6.38), small (GLASSBIN3.25), medium (GLASSBIN5.25), large (GLASSBIN8.5)
- Vanity Accessory Toilet Paper Holder (VATP)
- Hair Styling Organizer (VAHAIRORG): fits most hair dryers and curling irons
- Ganging kits are required when combining two or more V14 vanities (VFGKIT)
- Vanity Stacking Kit required for stacking vanities (VFSTACK)
- Leg kits are optional for stacking vanities (VFSTACKA, VFSTACKL)
- Glass and engineered stone tops with porcelain sink

V14® Ganging Reference

Refer to the following for V14 ganging/stacking examples:

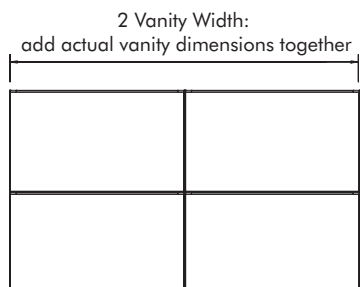

Stacking Wall-Hung
Required Hardware:
VFSTACK

Recommended installation height is 34½"; however, wall-hung vanities can be installed at varying heights. Please refer to instruction sheets for specific requirements.

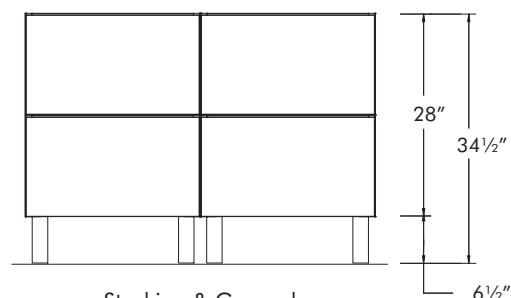

Stacking with Legs
Required Hardware:
VFSTACKA or VFSTACKL

The V14 Stacking Kits with Legs (VSTACKA/L) includes brushed aluminum legs which are 6½" H. The V14 Vanities are 14" H. The installed vanity height will be 34½" H. The specified counter and sink will impact the total height of the installation.

Stacking & Ganged
Wall-Hung
Required Hardware:
2 VFGKIT
2 VFSTACK

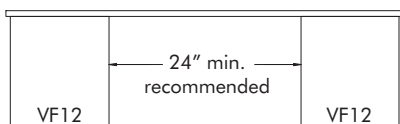

Stacking & Ganged
with Legs
Required Hardware:
2 VFGKIT
2 VFSTACKA or 2 VFSTACKL

It is recommended to use a Full Storage Drawer for the bottom of a 2-drawer stacked unit. The Full Drawers come with glass dividers to partition the drawer in a variety of ways and does not include plumbing clearance cutouts.

Total Width of vanity area should be a minimum of 48" W.

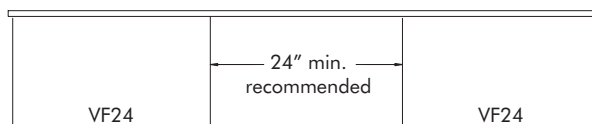

Example 1: Two 12" Wall-Hung Vanities

Example 1: Two 12" wide V14 vanities for a 48" wide Vanity Space:

- 12" wide V14 + 24" wide open space + 12" wide V14 vanity = 48" wide Vanity

Example 2: Two 24" Wall-Hung Vanities

Example 2: Two 24" wide V14 vanities for a 72" wide Vanity Space:

- 24" wide V14 + 24" wide open space + 24" wide V14 vanity = 72" wide Vanity

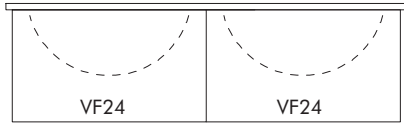

Note: For 12" wide Vanities, side kits will need to be purchased for this installation. See page 93 for side kit information.

V14® Ganging Reference

V14 can be ganged together to form endless combinations and installations to meet a variety of needs:

To acquire the total width of the vanity, add actual vanity dimensions together.

Example 3: Dual Sink Installation
with Two Wall-Hung Vanities

Example 4: Dual Sink Installation
with Three Wall-Hung Vanities

Example 3: To create a 48" Dual Sink installation:

- Two 24" wide V14: $24\frac{1}{4}" + 24\frac{1}{4}" = 48\frac{1}{2}"$

Example 4: To create a 60" wide Dual Sink Installation, three Vanities recommended:

- 24" wide V14 (left) + 12" wide V14 (center) + 24" wide V14 (right) = $24\frac{1}{4}" + 12\frac{1}{4}" + 24\frac{1}{4}" = 60\frac{3}{4}"$

It is recommended to use a Full Storage Drawer for the center drawer of a 3-drawer ganged vanity installation.

The Full Drawers come with glass dividers to partition the drawer in a variety of ways and does not include plumbing clearance cutouts.

Please refer to page 93 for 12" W accessory drawer options.

- Modular vanities can be ganged or stacked to fit a variety of desired heights and widths (ganging kit required)
- Glass finish options: mirror, 12 decorative gloss and matte finishes
- Plumbing slow-close drawer allows clearance for drain; tip out drawer (H1) gives storage back by providing a drawer for smaller items and full slow-close drawer allows optimal storage solutions
- Uniquely designed handleless ergonomic drawer, allows for a comfortable feel and effortless operation
- H1 (7-1/2") vanities include five glass bins for plumbing drawers and four glass bins for full drawers; H2 (15") vanities include one glass bin with plumbing drawers

Features & Benefits (Continued)

- Organization kit for H2 (15" H): two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night Light Option – integrated LED night light with light bar built into top frame of each drawer, provides soft light to illuminate drawer interior and for wayfinding light in either selectable 2700 Kelvin/4000 Kelvin or 5000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Electric accessory option: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in

Configurable Options

- Decorative Glass Options:
mirror, 12 decorative gloss and matte colors
- Night Light:
No Night Light or Integrated LED Night Light in selectable 2700 Kelvin/4000 Kelvin or 5000 Kelvin
- Drawer Application:
Choice of split plumbing (not available for 12" W drawer), full drawer or tip out drawer (7-1/2" H only, not available for 12" W drawer)

Tips & Features (Continued)

Construction

- Durable rust-free anodized aluminum and glass construction – glass resists intense moisture, ensuring long-lasting beauty
- Slow-close full-extension slides combined with the durability of aluminum construction ensure smooth operation of the vanity drawers that will last a lifetime
- Constructed for wall hanging loads with stone tops
- Glass fronts and side kits are replaceable
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

Installation

- This installation may require more than one person
- Includes installation hardware and structural bolts
- Special site preparation is required. Wall bracing and Roborn supplied hardware are recommended
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity
- Components needed for stacking are included with each vanity
- Within a column, all vanities must stay the same width. Ganging kit required for each column connection point and is selected based on the connection height of the cabinets. Each ganging kit is by 7-1/2" increments (H1 = 7-1/2", H2 = 15", H3 = 22-1/2", H4 = 30").
- Side kits are sold separately to allow for customization and are available individually or as pairs. You must choose one side kit or alcove kit for every exposed side.
- With a 7-1/2" H vanity, a tip out drawer must be used with an undercounter sink
- If stacking with a 7-1/2" tip out drawer, the second vanity must be a 7-1/2" plumbing drawer, a 15" plumbing drawer or a 15" full drawer as the first 15" needs plumbing clearance. If using 7-1/2" tip out for undercounter sink installation, slim plumbing drawer insert can be used with a 15" H plumbing drawer and still clear pipes.
- Full drawer units are intended for ganging and stacking and are not designed to accept a sink or plumbing.
- Night light option (S) – 12VDC plug-in transformer. Option of two color temperatures for one night light: 2700 or 4000 Kelvin. The vanity is preconfigured at 2700K. Night light can be reconfigured to 4000K at time of installation. See installation instructions for more information.

Installation (Continued)

- Night light option (L) – 12VDC plug-in transformer in 5000 Kelvin color temperature. Locate wall outlet as per installation instructions.
- Electric Accessory option: 120VAC 20A tamper resistant outlet. Installed within 15" H (H2) vanity drawer; not recommended to be used in combination with Slim Drawer Insert; recommended in combination with Hair Styling Organizer
- Slim plumbing drawer insert must be used with an above-counter sink installation; full drawer version can be used in a full drawer - includes four glass bins and only available for 15" H (H2) vanities
- Hair Styling Organizer fits all 15" H (H2) vanity drawers except 24" plumbing drawer; cannot be used in combination with slim drawer insert; recommended in combination with Electric Accessory

Accessories

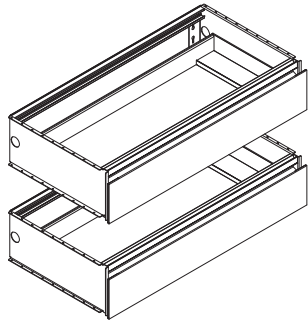

- In-drawer Electric Accessory (VAELECTRIC18, VAELECTRIC21): ETL certified to UL 1363, CSA Standard C22.2 No. 21 – 15" H only
- Accessory Night Light in selectable 2700 Kelvin/ 4000 Kelvin (SLED12, SLED24, SLED30, SLED36) and 5000 Kelvin (CLEDS12, CLED24, CLED30, CLED36): Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Slim Plumbing Drawer Insert with five glass bins (VADRAWER24P, VADRAWER30P, VADRAWER36P) – 15" H only
- Slim Full Drawer Insert with four glass bins (VADRAWER12X, VADRAWER24X, VADRAWER30X, VADRAWER36X) – 15" H only
- Glass Bins: divided storage (GLASSBIN6.38), small (GLASSBIN3.25), medium (GLASSBIN5.25), large (GLASSBIN8.5)
- Hair Styling Organizer (VAHAIRORG): fits most hair dryers and curling irons – to be used in 15" H (H2) vanity drawers only
- Glass and engineered stone tops with porcelain sink
- Glass side kits sold separately as single units or as a pair. Available in 4 heights and 2 depths, and based on the final configuration of the vanity (7-1/2", 15", 22-1/2", 30").
- Ganging kits are required when combining two or more vanities and are available in 4 heights and based on the final configuration of the vanity (7-1/2", 15", 22-1/2", 30")
- Alcove finishing kits are required for corner or alcove installations and are available in 4 heights and based on the final configuration of the vanity (7-1/2", 15", 22-1/2", 30")

WHAT'S NEW

UPLIFT® TECH MEDICINE CABINET

With its vertical design, the Uplift medicine cabinet revolutionized the way in which we experience medicine cabinets. Now, Uplift Tech combines the innovative cabinet design with a host of new features inspired by its biggest advocates, including a lighted option, USB ports, a new handle design and the latest technology. Plus, the new finish options and a broader selection of sizes make coordinating your styling space more seamless than ever.

UPLIFT TECH MEDICINE CABINET

LIGHTED OPTION

The Uplift® Collection now includes a lighted option, which features a border of light projecting high-efficiency illumination. Combined with vertical opening, Uplift Tech is sure to become a savvy and sophisticated centerpiece in any bathroom.

REDESIGNED HANDLE + FINISH MATCH

The redesigned handle features slimmer proportions and curved edges for a sleek shape. And, it is available in several fashionable finishes—including Matte Gold, Matte Black, Chrome and Polished Nickel—allowing it to pair effortlessly with your overall design scheme.

- Aluminum handle for effortless two-finger lifting; upgrade to match or coordinate fixtures in your styling space with four popular metal frame finishes: Chrome, Polished Nickel, Matte Gold, Matte Black
- Lighted option provides warm, relaxing tones (2700K) that replicate indoor lighting
- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection
- Light direction and output eliminates dark shadows, provides bright, even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting to 1% lets you select the ideal brightness for any task, using a standard dimmer that works with existing wiring

Features & Benefits (Continued)

- Programmable night light in 12 hour increments. Press the button to turn the night light on/off without affecting the programming
- Defogging technology ensures a clear reflection. Turn on with a push of a button and built with a 45 minute timer
- Electric option includes two USB charging ports and two 15A, 120VAC tamper resistant outlets (3 plugs)
- Sensor controlled, low wattage interior LED light
- Consistent color throughout the cabinet with warm 2700K for task lighting, interior illumination and night light
- Cantilever Shelving: clean interior due to "hidden" shelf adjustments
- Dry space or wet space applications
- Able to do behind faucet installation due to vertical opening of cabinet
- Task lighting can be operated using standard Triac/Phase-cut residential dimmers and defogger and night light can be hardwired or operated using standard switches, available separately through electrical supply and home improvements centers
- Energy efficient LEDs with an estimated life of 53,000 hours
- Meets ADA requirements for door opening force for sliding doors
- Installed as a single unit or ganged together for a multiple cabinet installation

Tips & Features (Continued)

Configurable Options

- Styles: No Lighting, Perimeter Lighting
- Electrical Packages: Non-Electric, Electric or Electric, Night Light and Defogger
- Handle Options: Anodized Aluminum, Chrome, Polished Nickel, Matte Gold, Matte Black

Construction

- Durable rust-free anodized aluminum and glass construction – glass resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Interior mirror
- 2249 cubic inches (36,847 cc) storage capacity for a 30" cabinet with split compartment for maximum flexibility
- 1/4" (6 mm) thick adjustable clear glass shelves; adjustable shelving at 1" (25 mm) increments: 6 shelves (24" W will include 3 shelves)
- Salt Spray Testing – ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Cast Testing – copper test (simulate whole life of product) – accelerated age testing

Installation

- This installation may require more than one person
- Recessed, semi-recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount and semi-recess installations require the purchase of a kit which includes the side kit as well as mounting hardware.
- Recessed (frame and handle project 1-7/16" [37 mm]), semi-recessed 4" (102 mm) in wall (cabinet, frame and handle project 3-1/8" [79 mm]), or surface mount (cabinet, frame and handle project 7-1/8" [181 mm])
- Aluminum top and bottom kit for surface mount installations is required when top or bottom is visible
- Task Lighting/Dimmer recommendation: C•L® Dimmers or Caseta Wireless from LUTRON®
- For on/off (no dimmer) operation, a standard wall switch may be substituted in place of the dimmer
- Need 22-1/4" ceiling clearance when installing
- Improved serviceability: troubleshooting and repairs can be performed while the unit is installed

Accessories

- Handle Upgrades: (UHANDLE__)
- Side Kits:

- Net Weight: 41 – 70 lbs

Features & Benefits

- OM® Audio: built-in speakers with a range up to 30 feet with a 2 channel stereo at 20 watts/channel. Bluetooth connectivity supports most Android and iOS devices. Volume controlled by device.
- LUM™ Lighting: Integrated dimmable LED lights and one-touch lighting control with capacitive-touch switch built into the mirror
- Choose between warm, relaxing tones (2700K) that replicate indoor lighting or cool, invigorating tones (4000K), which simulate bright daylight
- Remarkably accurate color rendering at 90+ CRI, so you can see your truest reflection
- Light direction and output eliminates dark shadows, provides bright even task lighting and rich, saturated tone in your reflection

Features & Benefits (Continued)

- Dimmable LED task lighting lets you select the ideal brightness for any task
- Can be paired with all M Series mirrored and decorative glass side kits
- Interior illumination with LED lighting built into the cabinet door
- Includes magnetic tool holder for small tools like tweezers and scissors
- Includes two USB charging ports and two 15A, 120VAC outlets (2 plugs) for single door and four 120VAC outlets (4 plugs) for two door
- Includes Compact Adjustable Magnifying Mirror (CAMP) with 5x magnification that sits on the magnetic strip in your cabinet or along the inside of the door so you can see yourself close up

Tips & Features (Continued)

Construction

- Durable rust-free anodized aluminum and glass construction – glass resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Quiet close Safeseal® Gasket with sealed corners on cabinet body
- 3 mirror design – rear of cabinet and both sides of door
- Concealed finger pull-door edge
- Door opening angle 170 degrees (110 with provided stop): Blum self-closing hinges
- Adjustable shelving at 2" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 40" H
- 1/4" (6 mm) thick adjustable clear glass shelves
- Magnetic area in the rail with cabinet to house magnetic tool holder

Installation

- This installation may require more than one person
- Install as a single unit or gang together for a multiple cabinet installation
- Recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount installations require the purchase of a surface-mount kit which includes the side kit as well as mounting hardware.
- Recessed cabinets project 7/8" from wall and must be recessed no less than 3-3/4" deep
- Single field wire into electrical shelf – front access serviceability
- MGKIT includes hardware to gang both sides of a cabinet. As a result, three cabinets can be ganged together from one MGKIT.

15-1/4" (387 mm)
19-1/4" (489 mm)
23-1/4" (591 mm)
- Height:
30" (762 mm)
39-3/8" (1000 mm)
- Depth:
4" (102 mm)
6" (152 mm); 4-11/16" (119 mm) surface-mount;
15/16" (24 mm) when recessed
- Net Weight: 18 – 43 lbs

Features & Benefits

- Match all fixtures in your styling space with Profiles metal frame finishes for a coordinated look: Chrome, Polished Nickel, Matte Gold, Matte Black
- Modular cabinets can be ganged with Profiles Lighting and Profiles Mirrors with optional ganging kit
- Electric option includes two USB charging ports and one 15A, 120VAC outlets (2 plugs)
- Includes magnetic tool holder (except 12" W electric options)
- Pair with Profiles Mirror when storage is not needed and Profiles Lighting to create task lighting in your styling space
- ETL certified to UL 962, CSA Standard C22.2 No. 68
- Create a coordinated ensemble by pairing with Profiles Lighting, Profiles Mirrors and Profiles Vanities

Configurable Options

- Metal Frame Finishes:
Chrome, Polished Nickel, Matte Gold, Matte Black
- Electrical Packages: none, electric
- Hinge Options: non-handed, left or right hinge

Construction

- Durable rust-free anodized aluminum and glass construction – glass resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Quiet close Safeseal® Gasket with sealed corners on cabinet body
- 3 mirror design – on back of door and inside of cabinet

Construction (Continued)

- Concealed finger pull-door edge
- Door opening angle 170 degrees (110 with provided stop): Blum self-closing hinges
- Adjustable shelving at 2" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 40" H
- 1/4" (6 mm) thick adjustable clear glass shelves
- Magnetic area in the rail with cabinet to house magnetic tool holder

Installation

- This installation may require more than one person
- Install as a single unit or gang together for a multiple cabinet installation
- Recessed, semi-recessed or surface-mount installation (6" deep cabinets can be semi-recessed by 4")
- Cabinets include hardware for recessed installation. Surface-mount and semi-recess installations require the purchase of a kit which includes the side kit as well as mounting hardware.
- Recessed cabinets project 15/16" from wall and must be recessed no less than 3-3/4" deep
- For ganging with Profiles Lighting or Profiles Mirrors, a ganging kit is needed to ensure flush alignment.
- Optional MGKIT includes hardware to gang both sides of a cabinet. As a result, three cabinets or two cabinets and three lights can be ganged together from one MGKIT.

Accessories

- Safety Lock Box (SLB-*) – not for use with 12" W cabinets
- Pull-Out Magnifying Mirror (POMM)
- Swing-Out Magnifying Mirror (SOMM)
- Push-to-Open Kit (MPUSHKIT)
- Glass Bins (GLASSBIN3.25, GLASSBIN5.25, GLASSBIN8.5)
- Razor/Phone Holder (MA-TRAY2.5)
- 3" and 5" Accessory Tray (MA-TRAY3, MA-TRAY5)
- Surface-Mount Kits (MSMK30D__, MSMK40D__)
- Ganging Kit (MGKIT) – for ganging with lighting and other cabinets
- Ganging Kit (PMGKIT____) – for ganging with Profiles Mirrors
- Stacking Filler System (MSF-*)

M Series Cabinets – Tips & Features

Dimensions & Weight

- Width: 11-1/4" (286 mm), 15-1/4" (387 mm), 19-1/4" (489 mm), 23-1/4" (591 mm) – 70" H cabinets available only in 15-1/4" & 19-1/4" widths
- Height: 30" flat (762 mm), 34" arch (864 mm), 39-3/8" flat (1000 mm), 43-3/8" arch (1102 mm), 70" flat (1778 mm)
- Depth: 4" (102 mm), 6" (152 mm), 8" (203 mm) (12" W cabinets available only in 4" & 6" depths)
- Net Weight (Lbs): 26 – 165 lbs

Features & Benefits

- Flat Top available in 3/4" bevel or polished edge mirror door
- Arch Top in 3/4" bevel edge mirror door
- Available in 12 decorative color options (excluding Arch Top)
- Sensor controlled interior LED light (E2, E4)
- Programmable night light (E4)
- Built-in mirror defogger prevents steaming. Turn on with a push of a button and built with a 45 minute timer (E4)
- Electric option includes one USB charging port and one 15A, 120VAC outlet (2 plugs)
- 8" deep, 70" H cabinets include chrome wire basket
- Includes magnetic tool holder (except 12" W electric options), razor/phone holder and 3 tier tray
- ETL certified to UL 962, CSA Standard C22.2 No. 68

Configurable Options

- Cabinet Styles: Flat Top, Arch Top, Full Length
- Edge Type: Polished edge or bevel edge for flat top. Arch top is bevel edge only.
- Hinge Options: left or right hinge
- Electrical Packages: non-electric, electric (E2) or electric, night light and defogger (E4)
- Decorative Glass Options: mirror, 12 decorative gloss and matte finishes

Construction

- Durable rust-free anodized aluminum and glass construction – glass resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Quiet close Safeseal® Gasket with sealed corners on cabinet body
- 3 mirror design – rear of cabinet and both sides of door

Construction (Continued)

- Concealed finger pull-door edge
- Door opening angle 170 degrees (110 with provided stop): Blum self-closing hinges
- Adjustable shelving at 2" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 40" H
- 1/4" (6 mm) thick adjustable clear glass shelves
- Magnetic area provided in the rail of the cabinet
- Arch doors extend 4" above cabinet

Installation

- Recessed, semi-recessed or surface-mount installation (6" and 8" deep cabinets can be semi-recessed by 4")
- Cabinets include hardware for recessed installation. Surface-mount and semi-recess installations require the purchase of a kit which includes the side kit as well as mounting hardware.
- Recessed cabinets project 7/8" from wall and must be recessed no less than 3-3/4" deep
- When ganging two or more 70" H full length cabinets, the use of a MHANDLEKIT or MPUSHKIT on one cabinet is required.
- MGKIT includes hardware to gang both sides of a cabinet. As a result, three cabinets can be ganged together from one MGKIT.
- All cabinets require the customer to select the hinge side for their cabinet: Left or Right = hinge side when facing cabinet.

Accessories

- Safety Lock Box (SLB-*) – not for use with 12" W cabinets
- Entice® Magnification Mirror (ENTICE, ENTICEDOCK)
- Pull-Out Magnifying Mirror (POMM)
- Swing-Out Magnifying Mirror (SOMM)

- Frame profiles available in 7 metal finish options
- Electric option includes one 15A, 120VAC outlet (2 plugs)
- Pair with Main Line Sconces for a coordinated look
- ETL certified to UL 962, CSA Standard C22.2 No. 68

Configurable Options

- Cabinet Style:
Bryn Mawr, Merion, Penn Valley, Rosemont
- Finish Options: 7 metal finishes
- Hinge Options: non-handed, left or right hinge
- Electrical Packages: non-electric or electric

Construction

- Durable rust-free anodized aluminum and glass construction – glass resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Quiet close Safeseal® Gasket with sealed corners on cabinet body
- 3 mirror design – rear of cabinet and both sides of door
- Concealed finger pull-door edge
- 3-way adjustable concealed hinge system: door opening angle 130 degrees
- Adjustable shelving at 2" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 40" H
- 1/4" (6 mm) thick adjustable clear glass shelves
- Frame width:
1-3/4" for Bryn Mawr, 2-9/16" for Merion,

Table of Contents

Vertical Lighting Ganging Reference	247 – 248
Profiles™ Vertical Lighting	249 – 251
Profiles Framed Mirrors	28 – 29
Profiles Framed Cabinets	159 – 177

Tips & Features

Dimensions & Weight

- Width: 3-1/2" (89 mm), 5" (127 mm)
- Height: 30" (762 mm), 39-3/8" (1000 mm)
- Depth: 4-5/8" (117 mm) surface-mount, 7/8" (22 mm) when recessed
- Net Weight: 10 – 15 lbs

Features & Benefits

- Create a coordinated ensemble by pairing with Profiles Medicine Cabinets, Profiles Mirrors and Profiles Vanities
- Match all fixtures in your styling space with Profiles metal frame finishes for a coordinated look: Chrome, Polished Nickel, Matte Gold, Matte Black
- Modular vertical lighting can be ganged with Profiles Medicine Cabinets and Profiles Mirrors
- Choose between warm, relaxing tones (2700K) that replicate indoor lighting and cool, invigorating tones (4000K), which simulate bright daylight or choose variable lighting that lets you fine-tune your color temperature between warm (2700K) and cool light (5600K) with the use of dimmers
- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection
- Light direction and output eliminates dark shadows, provides bright even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting to 1% lets you select the ideal brightness for any task, using a standard residential dimmer that works with your home's existing wiring
- Energy efficient LEDs with an estimated life of 53,000 hours
- Will operate in high humidity or damp spaces. ETL certified to UL 1598 CSA Standard C22.2 No. 250.0

Configurable Options

- Metal Frame Finishes:
Chrome, Polished Nickel, Matte Gold, Matte Black
- Color Temperature:
2700K, 4000K, Variable (2700K – 5600K)

Construction

- Durable rust-free anodized aluminum and glass construction – glass resists intense moisture, ensures long-lasting beauty
- Satin anodized aluminum body

Installation

- This installation may require more than one person
- Sold as a single unit (not as pairs)
- Fixture adds 3-1/2" or 5" per light to the overall rough-in width
- Can be recessed or surface-mounted with 4" depth (D4) cabinets (D4 surface-mount kit required) and fully recessed with 6" depth (D6) cabinets
- Ganging kit required if used to mount with multiple cabinets – light comes with ganging hardware on one side
- Operates on 120VAC and 0.5A (2700K/4000K) or 1.0A (variable) per fixture
- Glass lens plane sits flush when paired with a Profiles Medicine Cabinet and Mirror (the mirror when used with ganging kit)
- Wired internally – front access serviceability
- Optional MGKIT includes hardware to gang to both sides of a cabinet. As a result, three lights and two cabinets can be ganged together from one MGKIT.
- Recommended dimmer for Profile fixture:
Lutron® C•L Dimmers. This dimmer has full range control, low light adjustment, stops flickering and last setting memory.

Accessories

- Surface-Mount Kit (MSMK__D_P)
- Ganging Kit (MGKIT) – for ganging with cabinets
- Ganging Kit (PMGKIT____) – for ganging with Profiles Mirrors

Profiles™ Vertical Lighting

Wherever you start your day, high-quality task lighting can make all the difference. Profiles Lighting offers remarkably accurate color rendering; adjustable color temperature and bright, consistent output that eliminates harsh shadows on the face - so you see your truest reflection, every time.

Warranty/Terms and Conditions/Care and Cleaning

Limited Warranty, One-Year Term

ROBERN warrants to the original purchaser that it will, at its election, repair, replace, or make appropriate adjustment to products made by this company shown to have significant defects in material or workmanship which are reported to ROBERN in writing within one (1) year from the date of delivery. ROBERN is not responsible for installation costs.

The warranty time period for operating components including door hinges and opening devices to the original owner extends beyond the one-year term.

The warranty is void in the event the product is damaged in transit, or if damage or failure is caused by abuse, misuse, abnormal usage, faulty installation, damage in an accident, improper maintenance, or any repairs other than those authorized by ROBERN. At the expiration of the one-year warranty period, ROBERN shall be under no further obligation under any warranty, expressed or implied, including the implied warranty of merchantability.

ROBERN shall not be liable for any consequential damages arising out of or in connection with the use or performance of its products. Some states do not allow limitations on how long an implied warranty lasts or do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Any liability against ROBERN under any implied warranty, including the warranty of merchantability, is expressly limited to the terms of this warranty.

Permission to return any merchandise under this warranty must be authorized by ROBERN and returned prepaid by the purchaser.

Claims under this warranty should be sent directly to your dealer.

Terms and Conditions

Conditions of Purchase

ROBERN products are built to order. Products shipped and received in accordance with customers accepted orders are non-refundable. Certain products are non-cancelable once orders are processed:

Surface-Mount Kits and Side Kits
- Purchase orders cannot be adjusted after 48 hours

Payment Terms

- Payment Terms: Net 30 days.
- Free Freight Allowed on Dealer orders greater than \$1000 net.
- Free Freight Allowed on Distributor orders greater than \$6000 net.

Care and Cleaning

HOW TO CLEAN:

Robern products are constructed of mirrored glass and aluminum. A 50/50 solution of water and isopropyl alcohol is recommended for cleaning the mirrors. Ammonia or vinegar-based cleaners can damage mirrors. A mild detergent may be used on the surfaces. Do not use abrasive cleansers on any part of the cabinet. Use only a soft damp cloth to clean. When cleaning, spray the cloth, not the cabinet, mirror or surrounding surfaces.
