Technical Information

Water pressure	
Recommended	20 - 75 PSI (0.14 - 0.5 MPa)
Maximum	125 PSI (0.86 MPa)
Hot water temp.	
Recommended	120°-140° F (48° - 60° C)*
Maximum	158° F (70° C)*
Max. flow rate	1.75 GPM (6.6 L/min)
Hole size in mounting surface	1 3/8" (35 mm)
Max. depth of mounting surface	2 3/4" (70 mm)

* Please know and follow all applicable local plumbing codes when setting the temperature on the water heater.

Installation Considerations

- For best results, Hansgrohe recommends that this unit be installed by a licensed, professional plumber.

⚠ Prior to installation, inspect the product for transport damages. After it has been installed, no transport or surface damage will be honoured.

- Please read over these instructions thoroughly before beginning installation. Make sure that you have all tools and supplies needed to complete the installation.
- Protection against backflow is provided by two check valves.
- **04828xx0 only:** The temporary stop is intended to temporarily pause the flow of water from the faucet. If the faucet is not to be used for an extended period of time, close it completely by moving the lever handle to the "off" position.
- Keep this booklet and the receipt (or other proof of date and place of purchase) for this product in a safe place. The receipt is required should it be necessary to request warranty parts.

Données techniques

Pression d'eau	
recommandée	20 - 75 PSI (0.14 - 0.5 MPa)
maximum	125 PSI (0.86 MPa)
Température d'eau chaude	
recommandée	120°-140° F (48° - 60° C)*
maximum	158° F (70° C)*
Capacité nominale	1.75 GPM (6.6 L/min)
Dimension du trou dans la surface	1 3/8" (35 mm)
Profondeur maximale de la surface de montage	2 3/4" (70 mm)

* Vous devez connaître et respecter tous les codes de plomberie locaux applicables pour le réglage de la température du chauffe-eau.

À prendre en considération pour l'installation

- Pour de meilleurs résultats, Hansgrohe recommande que ce produit soit installé par un plombier professionnel licencié.

⚠ Avant son montage, s'assurer que le produit n'a subi aucun dommage pendant le transport. Après le montage, tout dommage de transport ou de surface ne pourra pas être reconnu.

- Veuillez lire attentivement ces instructions avant de procéder à l'installation. Assurez-vous de disposer de tous les outils et du matériel nécessaires pour l'installation.
- La protection contre le retour d'eau est assurée par deux clapets anti-retour.
- **04828 seulement:** La fonction d'arrêt temporaire sert à arrêter temporairement le débit d'eau du robinet. Si vous ne comptez pas utiliser le robinet pendant un laps de temps prolongé, fermez-le complètement en positionnant le levier sur « Off ».
- Conservez ce livret et le reçu (ou une autre preuve sur laquelle figurent la date et l'endroit de l'achat) pour ce produit dans un endroit sûr. Le reçu est requis si vous commandez des pièces sous garantie.

Consideraciones para la instalación

- Para obtener mejores resultados, la instalación debe estar a cargo de un plomero profesional matriculado.

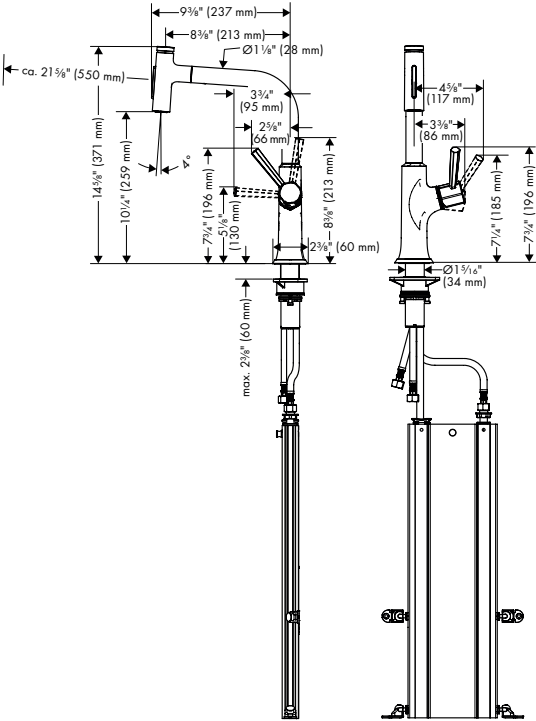

⚠ Antes del montaje se debe examinarse el producto contra daños de transporte. Después de la instalación no se reconoce ningún daño de transporte o de superficie.

- Antes de comenzar la instalación, lea estas instrucciones detenidamente. Asegúrese de tener las herramientas y los insumos necesarios para completar la instalación.
- La protección contra flujo inverso se proporciona mediante dos válvulas de retención.
- **04828 solamente:** La función de parada temporal está diseñado para detener temporalmente el flujo de agua del grifo. Si el grifo no es usado durante un período más prolongado, ciérrelo completamente, moviendo la palanca a la posición Off.
- Mantenga este folleto y el recibo (u otro comprobante del lugar y fecha de compra) de este producto en lugar seguro. El recibo se requiere en caso de ser necesario solicitar piezas bajo garantía.

English

Place the faucet and sealing ring on the mounting surface.

Install the plastic washer, friction washer, metal washer, and mounting nut.

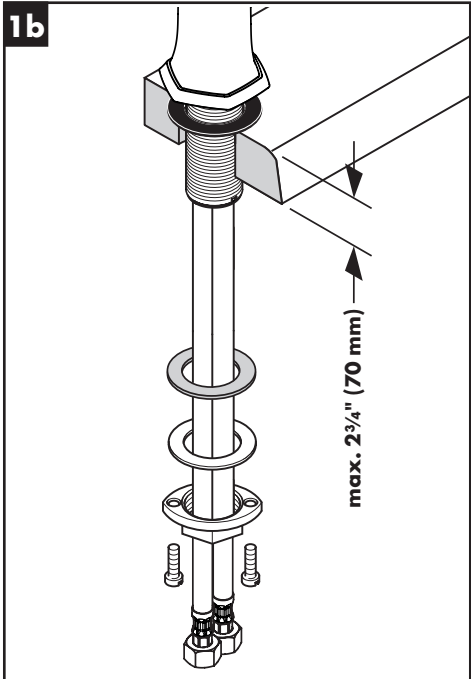

If the mounting surface is thicker than 1 3/4" (45 mm), or if there is insufficient space, omit the plastic washer.

Français

Placez l'anneau d'étanchéité et le robinet sur la surface de montage.

Installez la rondelle de plastique, la rondelle en fibre, la rondelle de friction, et l'écrou de montage.

Si l'épaisseur du comptoir dépasse 1 3/4 po (45 mm), ou si l'espace disponible est insuffisant, omettez la rondelle de plastique.

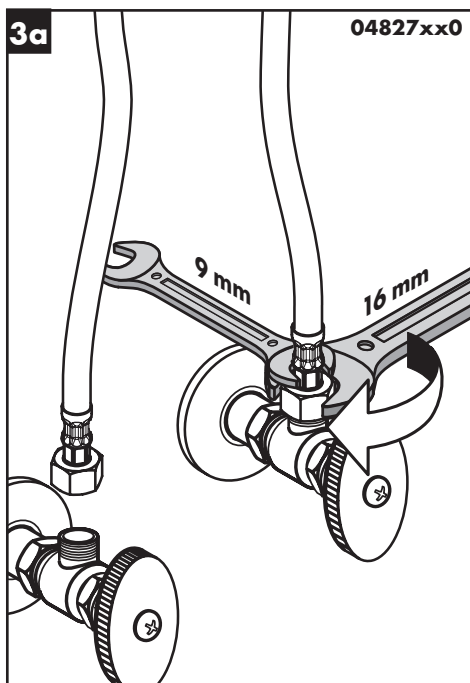

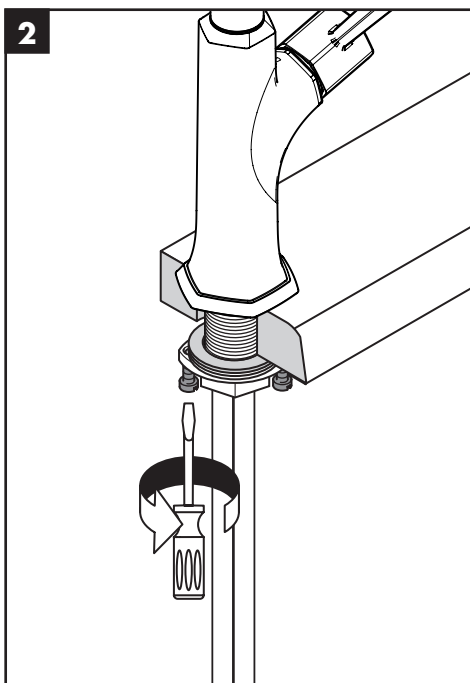

Español

Coloque el oro de sellado y el grifo sobre la superficie de montaje.

Instale la arandela plástica, la arandela de fibra, la arandela de fricción y la tuerca de fijación.

Si el espesor de la mesada es superior a 1 3/4 pulg.(45 mm) o si no hay suficiente espacio, puede omitirse la arandela plástica.

English

Français

Español

Tighten the mounting nut.

Serrez l'écrou de montage et les vis de serrage.

Apriete la tuerca de fijación y los tornillos.

Tighten the screws.

Serrez les vis de pression à l'aide d'un tournevis.

Apriete los tornillos tensores con un destornillador.

04827xx0 only: Connect the hot and cold supply hoses to the stops.

04827xx0 seulement: Connectez les tuyaux d'arrivée d'eau chaude et d'eau froide aux tuyaux d'alimentation.

04827xx0 solamente: Conecte las mangueras de suministro de agua caliente y fría a las alimentaciones de la red.

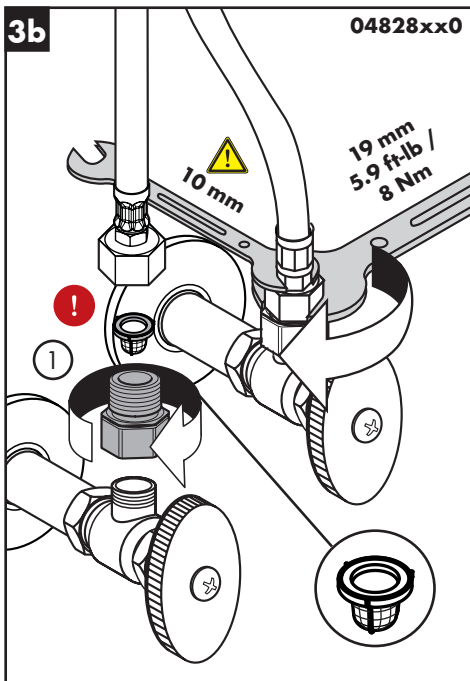

Use two wrenches. Do not allow the supply hoses to twist.

Servez-vous de deux clés, tel qu'illustre le schéma. Serrez fermement à l'aide des clés. Assurez-vous que les tuyaux n'sentortillent pas.

Use dos llaves, como se ilustra en el diagrama. No permita que ninguna de los mangueras se retuerza.

English

04828xx0 only: Install the adapters on the stops.

⚠ Install the filters.
Failure to install the filters may result in unsatisfactory operation of the faucet.

Connect the hot and cold supply hoses to the adapters.

Use two wrenches as shown.

⚠ Do not allow the hoses to twist.

Français

04828xx0 seulement:
Installez les adaptateurs sur les butées d'arrêt.

⚠ Installez les filtres. Si ces filtres ne sont pas installés, il est possible que le robinet n'offre pas un rendement satisfaisant.

Connectez les tuyaux d'arrivée d'eau chaude et d'eau froide aux adaptateurs. Utilisez deux clés, tel qu'illustré.

⚠ Assurez-vous que les tuyaux ne s'entortillent pas.

Español

04828xx0 solamente:
Instale los adaptadores sobre los topes.

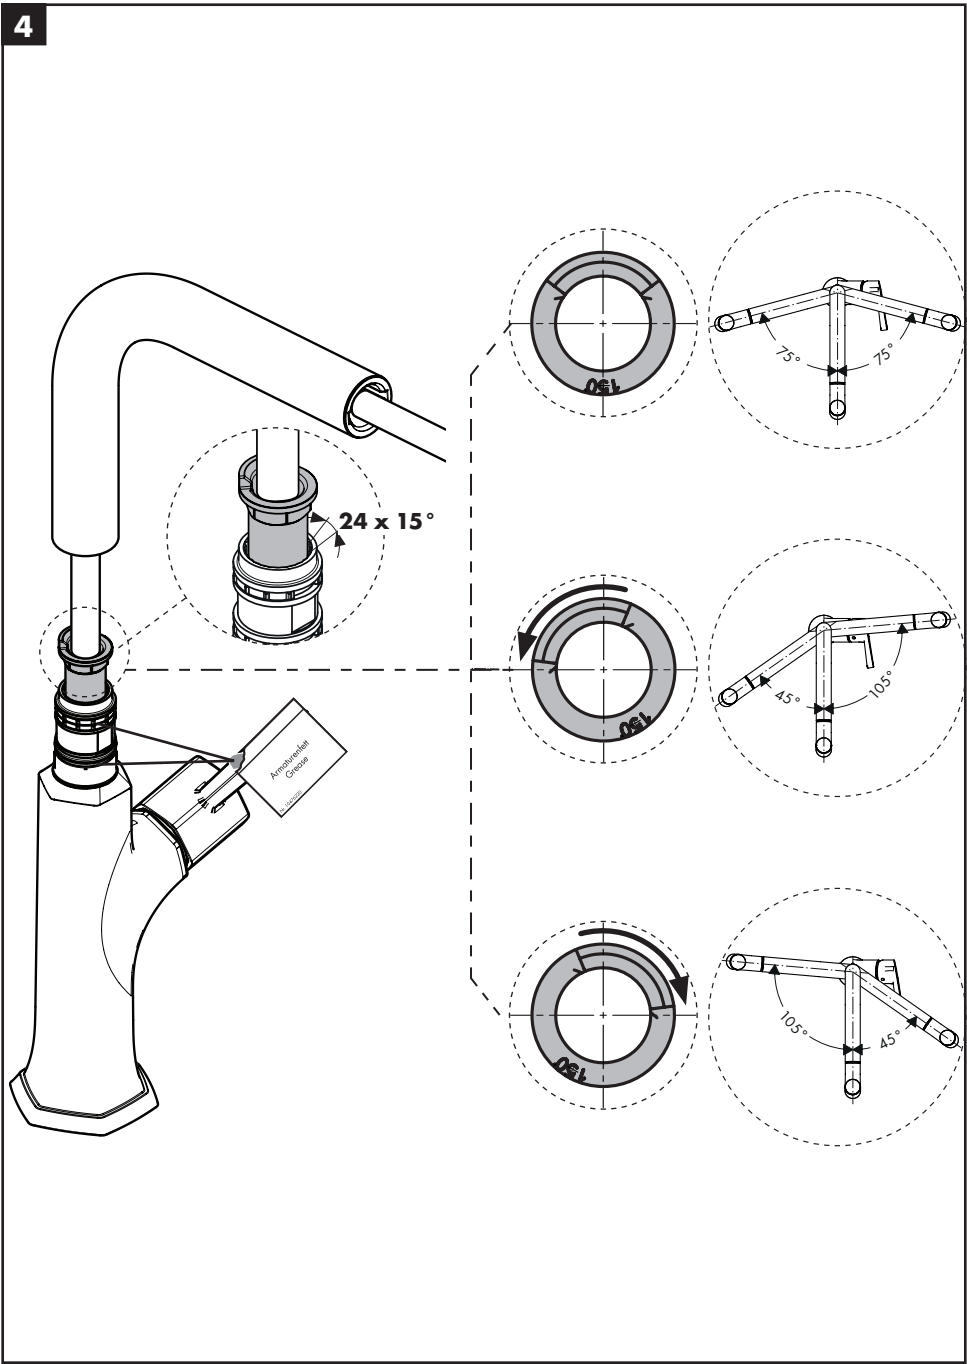

⚠ Instale los filtros. Si no se instalan los filtros, el grifo puede funcionar en forma insatisfactoria.

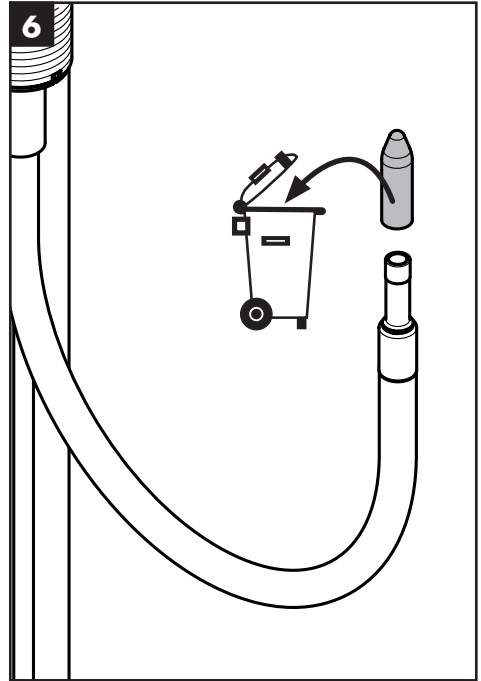

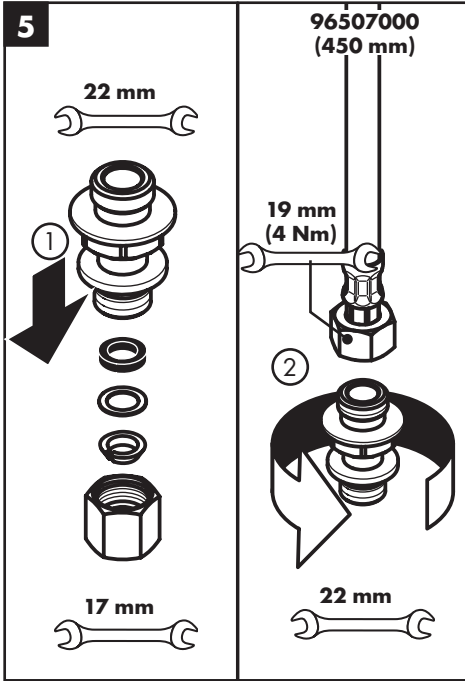

Conecte las mangueras de suministro de agua caliente y fría a los adaptadores.

Use las dos llaves fijas como se ilustra.

⚠ No permita las mangueras se retuerzan.

**Adjust the spout rotation (04828xx0 only) / Ajustez la Rotation du Bec
(04828xx0 seulement / Ajuste la Rotación del Surtidor (04828xx0 solamente)**

English

Remove the squeezing connection from the hose connector assembly.

Attach the connector to the connection hose.

Remove the protective cap from the end of the handspray hose.

Français

Retirez le raccord à bague sertie de l'assemblage de connecteur du tuyau.

Fixez le connecteur au tuyau de raccordement.

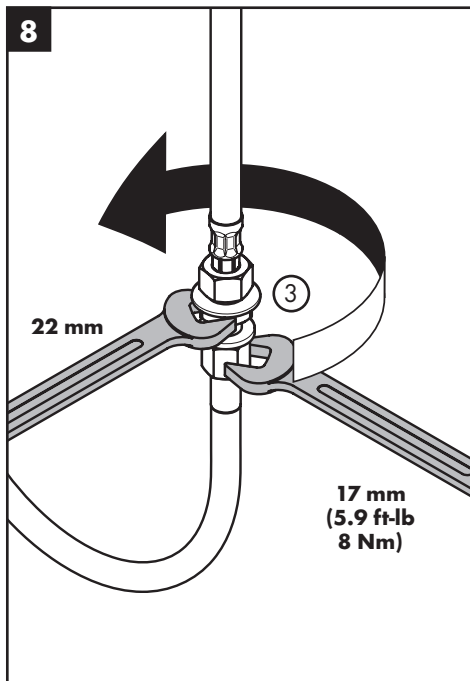

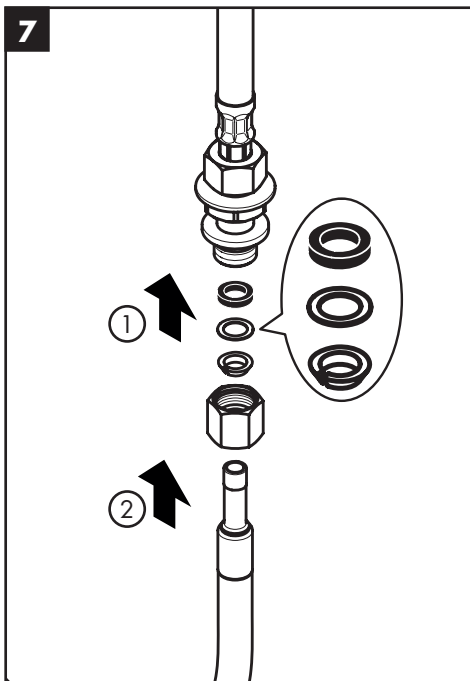

Retirez le capuchon de protection de l'extrémité du tuyau de la douche.

Español

Retire la conexión a presión del conjunto conector de la manguera.

Fije el conector a la manguera de conexión.

Retire la tapa protectora del extremo de la manguera del rociador de mano.

English

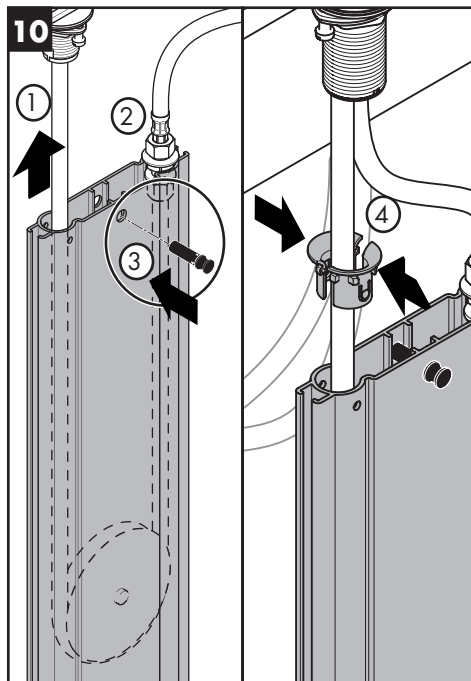

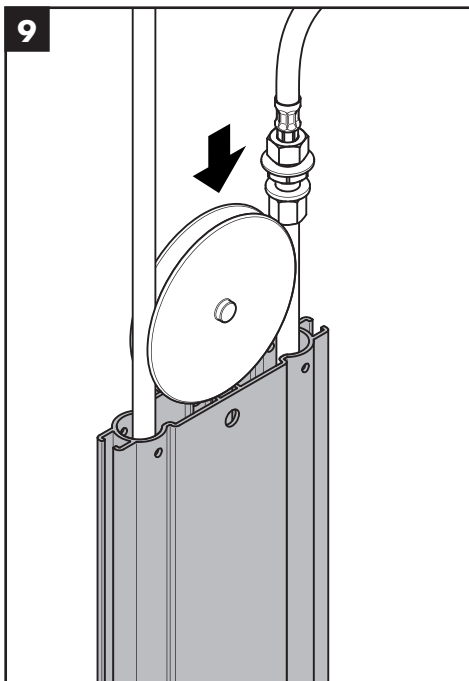

Français

Español

Use the squeezing connection to attach the handspray hose to the connector.

Utilisez le raccord à bague sertie pour fixer le tuyau de la douchette au connecteur.

Use la conexión a presión para fijar la manguera del rociador de mano al conector.

English

Français

Español

Feed the hose and the weight into the sBox.

Passez le tuyau et le contrepoids dans le sBox.

Pase la manguera y el peso hacia dentro de la sBox.

Pull upwards on the handspray hose until the connector is against the top of the sBox.

Tirez le tuyau de la douchette vers le haut jusqu'à ce que le connecteur soit contre la partie supérieure du sBox.

Tire hacia arriba de la manguera del rociador de mano hasta que el conector esté contra la parte superior de la sBox.

Install the stopper.

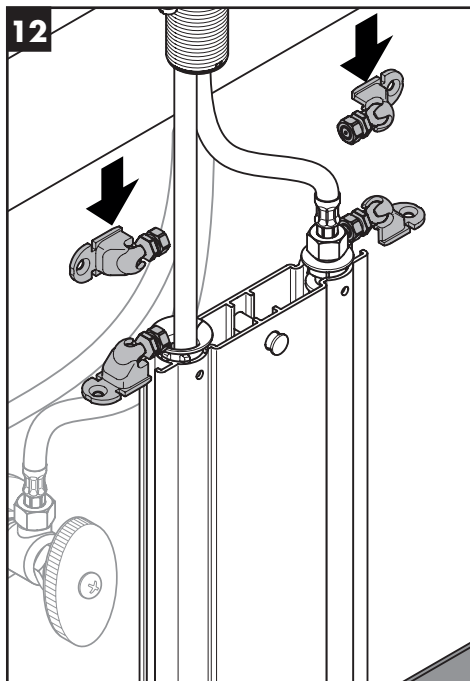

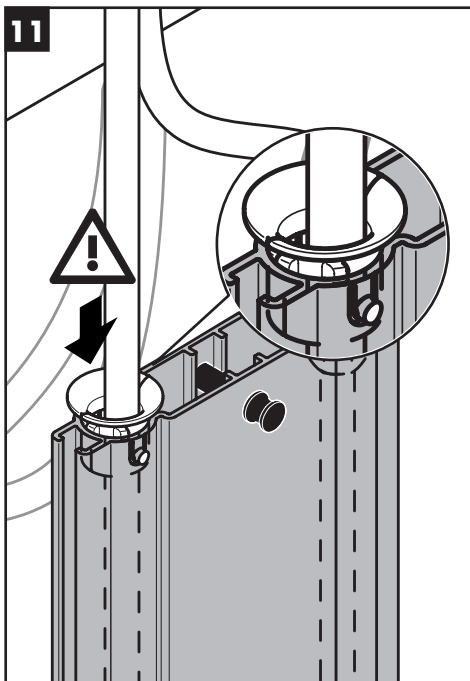

Installez le butoir.

Instale el tapón.

Snap the two halves of the guide around the handspray hose.

Enclenchez les deux moitiés de la pièce de guidage autour du tuyau de la douchette.

Acople a presión las dos mitades de la guía alrededor de la manguera del rociador de mano.

English

Français

Español

Seat the guide in the sBox. The pin on the guide must go into the hole on the sBox.

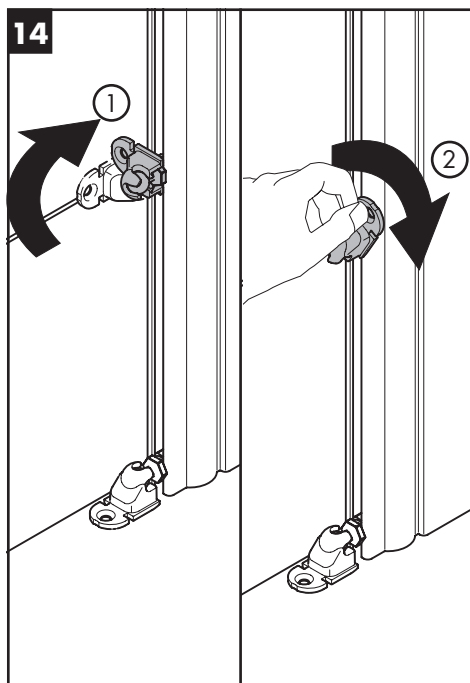

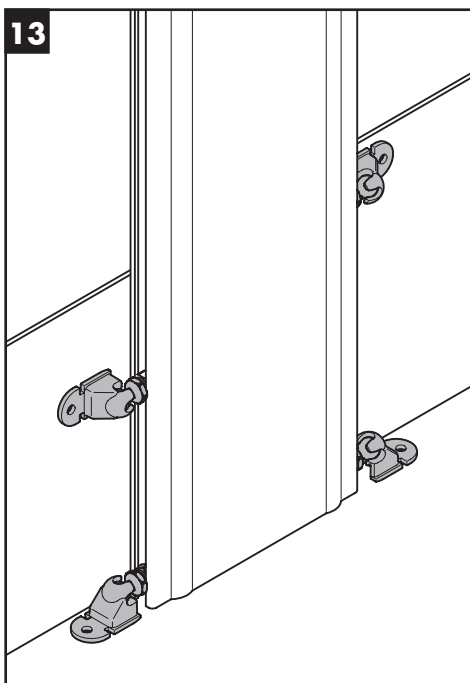

Logez la pièce de guidage dans le sBox. La tige de la pièce de guidage doit s'insérer dans l'ouverture sur le sBox.

Asiente la guía en la sBox. El pasador de la guía debe entrar en el agujero de la sBox.

Slide the four fasteners into the channels on the sBox.

Glissez les quatre pièces de fixation dans les canaux sur le sBox.

Deslice las cuatro elementos de fijación dentro de los canales de la sBox.

English

Français

Español

Move the fasteners to the desired positions.

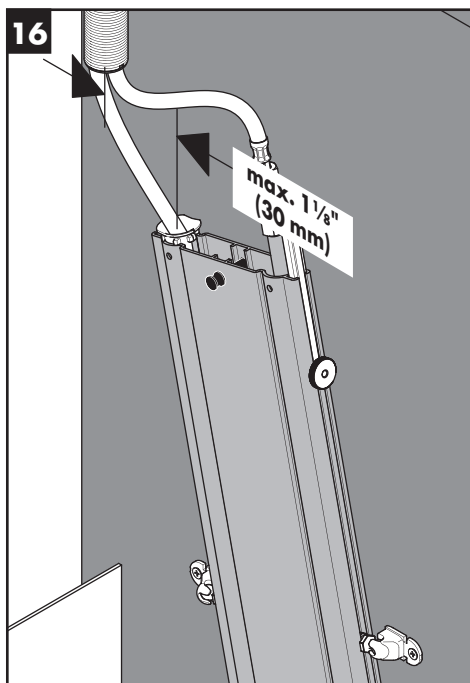

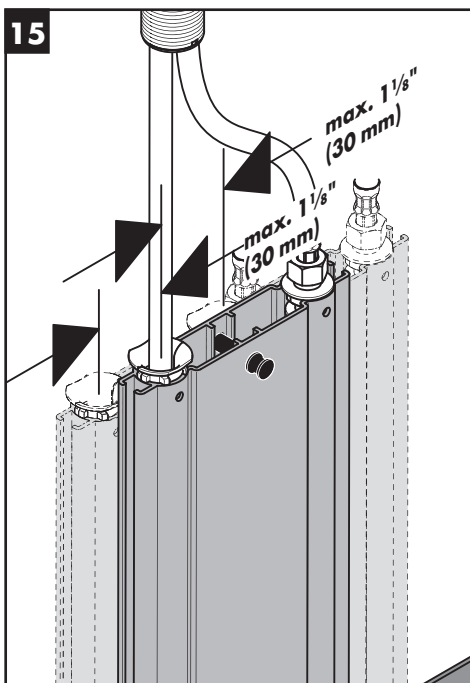

Déplacez les pièces de fixation aux positions souhaitées.

Mueva los elementos de fijación a las posiciones deseadas.

Lock the fasteners into position on the sBox: Rotate the clip over the nut. Tighten the nut by using the clip to turn the nut clockwise.

Verrouillez les pièces de fixation en position sur le sBox : Tournez le clip sur l'écrou. Serrez l'écrou en utilisant le clip pour tourner l'écrou dans le sens des aiguilles d'une montre.

Bloquee los elementos de fijación en su posición en la sBox: Rote las presillas sobre la tuerca. Apriete la tuerca, usando la presilla para girar la tuerca en sentido horario.

English

Français

Español

Position the sBox under the sink.

Placez le sBox sous l'évier.

Coloque la sBox debajo del fregadero.

If there is insufficient space under the sink, the sBox can be tilted a maximum of 20°.

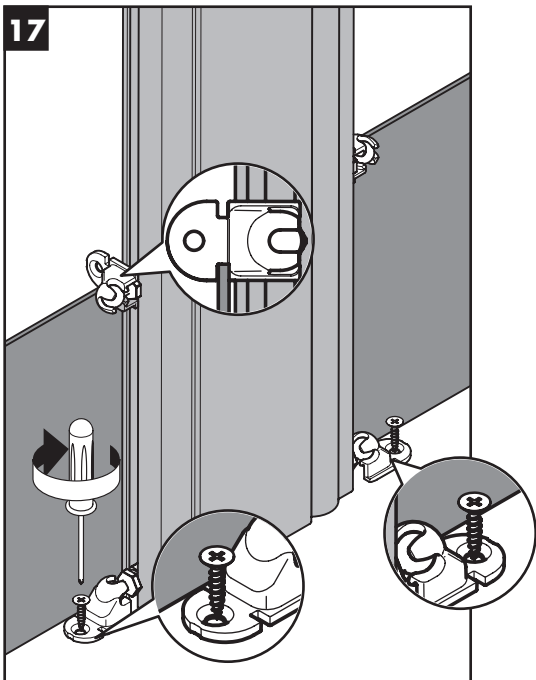

Si l'espace est insuffisant sous l'évier, le sBox peut être incliné d'un maximum de 20°.

Si no hay suficiente espacio debajo del fregadero, la sBox puede inclinarse un máximo de 20°.

Troubleshooting

Problem	Possible Cause	Solution
Handle stiff	- Cartridge dirty or worn	- Replace cartridge
Mixer dripping	- Cartridge dirty or worn	- Replace cartridge
Water escaping at the threaded base	- supply hoses not completely screwed into basic body - O-ring at the supply hose dirty or worn.	- Tighten supply hoses by hand - Replace O-ring
Hot water temperature too low	- Hot water limiter incorrectly set	- Set hot water limiter (see page 20)

Dépannage

Dysfonctionnement	Origine	Solution
Dureté de fonctionnement	- Cartouche défectueuse, entartrée	- Changer la cartouche
Le mitigeur goutte	- Cartouche défectueuse	- Changer la cartouche
Fuite à la fixation sous le mitigeur	- Les flexibles de raccordement ne sont pas correctement visser dans le corps. - Joint torique sous les flexible de raccordements défectueux	- Resserrer le flexible à la main. - Changer le joint torique
Température d'eau chaude trop basse, pas d'eau froide	- Limiteur de température mal positionné	- Positionner le limiteur de température (voir pages 20)

Localización de fallas

Problema	Causa	Solución
Manecilla va dura	- Cartucho dañado	- Cambiar el cartucho
Grifo pierde agua	- Cartucho dañado	- Cambiar el cartucho
Pérdida de agua en el set de fijación	- Conexión flexible mal atornillada al cuerpo del caño. - Daños en la junta de la conexión flexible	- Apretar a mano la conexión flexible - Cambiar juntas
Temperatura del agua caliente demasiado baja	- Tope de agua caliente mal	- Ajustar tope (ver página 20)

Cleaning Recommendation for Hansgrohe Products

Modern bathroom faucets, kitchen faucets and shower products are made from different materials to comply with the needs of the market with regard to design and functionality. To avoid damage to the product, it is necessary to take proper care of it.

For best results:

- Prevent the buildup of mineral scale and /or soap residue by cleaning your Hansgrohe product(s) when needed.
- Select a cleaning agent specifically intended for the type of product.
- **Do not** use these types of cleaners as they will cause damage to your Hansgrohe product:
 - ✗ Any cleaning agent containing hydrochloric acid, formic acid, lye, or acetic acid.
 - ✗ Abrasive cleaning powders, pads, or brushes.
 - ✗ Steam cleaners.
 - ✗ "No rinse" cleaning agents.
- **Always** follow the instructions provided by the manufacturer of the cleaning agent.
- **Do not** mix cleaning agents, unless directed by the manufacturer.
- **Do not** spray cleaners directly onto the product as drops could enter openings and gaps and cause damage. When using spray cleaners, spray the cleaner onto a soft cloth or sponge.
- **Always** rinse your Hansgrohe product thoroughly with clear water and polish dry with a soft cloth after cleaning.

Important

- Residue from soaps and shampoos can cause damage. Rinse the product with clean water after each use.
- Residue from basin/tub/tile cleaner can cause damage to faucets and fittings. Immediately rinse any overspray from the Hansgrohe product.
- Do not store any cleaning agents under your Hansgrohe product, such as in a vanity unit, as the fumes may damage the product.
- **Damage to the product caused by improper care or the use of improper cleaning agents is not covered by the warranty.**
- **If a component of the product is damaged, replace it, as there is risk of injury.**

Conseil de nettoyage pour les produits Hansgrohe

Les robinets pour les salles de bains et les cuisines modernes ainsi que les produits récents pour les douches se composent de matériaux différents afin de satisfaire aux besoins du marché en termes de conception et de fonctionnalité. Afin d'éviter d'endommager le produit, il est nécessaire d'en prendre soin.

Pour de meilleurs résultats :

- Empêchez l'accumulation de tarte et/ou de résidu de savon en nettoyant votre produit Hansgrohe lorsque c'est nécessaire.
- Sélectionnez un produit de nettoyage spécifiquement prévu pour ce type de produit.
- **N'utilisez pas ces** types de nettoyants car ils peuvent endommager votre produit Hansgrohe :
 - ✗ Tout produit de nettoyage contenant de l'acide chlorhydrique, de l'acide formique, de la potasse ou de l'acide acétique.
 - ✗ Les poudres de nettoyage, les tampons ou les brosses abrasives.
 - ✗ Les nettoyeurs à vapeur.
 - ✗ Les produits de nettoyage « sans rinçage ».
- **Ne mélangez pas** les produits de nettoyage, à moins que cela soit indiqué par le fabricant.
- **Ne pulvérisiez pas** les nettoyants directement sur le produit car des gouttes pourraient entrer dans les ouvertures et les fentes et causer des dommages. Lorsque vous utilisez des nettoyants par pulvérisation, pulvérisez le nettoyant sur un chiffon ou une éponge douce.
- **Après** le nettoyage rincer abondamment à l'eau claire pour éliminer intégralement les restes de détergent.

Important

- Les residus de produits pour le corps comme les savons liquides, shampooings, gels de douche, teintures pour cheveux, parfums, après-rasage et vernis à ongles peuvent causer des détériorations. Rincez le produit avec de l'eau propre après chaque utilisation.
- Le résidu provenant des nettoyeurs pour cuvette/baignoire/carrelage peut endommager les robinets et les raccords de tuyauterie. Rincez immédiatement toute surpulvérisation sur le produit Hansgrohe.
- De même, il est interdit de stocker des détergents ou des produits chimiques sous les produits, par ex. dans un meuble sous lavabo, car les vapeurs qui s'en dégagent risquent d'abîmer les produits.
- **Les dommages au produit causés par un mauvais entretien ou par l'utilisation de produits de nettoyage inadéquats ne sont pas couverts par la garantie.**
- **Si un composant du produit est endommagé, remplacez-le, car il existe un risque de blessure.**

Recomendación de limpieza para los productos de Hansgrohe

Hoy en día, las griferías de baño y de cocina así como duchas modernas se componen de materiales muy distintos para satisfacer las exigencias del mercado respecto al diseño y la funcionalidad. Para evitar daños y reclamaciones hay que tener en cuenta ciertos aspectos tanto en el uso como en su limpieza.

Para obtener mejores resultados:

- Evite la acumulación de restos de jabón o sarro limpiando el producto Hansgrohe cuando sea necesario.
- Seleccione un agente de limpieza diseñado específicamente para el tipo de producto.
- **No use** estos tipos de limpiadores, ya que causarán daño a su producto Hansgrohe:
 - ✗ Agentes limpiadores que contengan ácido clorhídrico, fórmico, acético o lejía.
 - ✗ Polvos, paños o cepillos de limpieza abrasivos.
 - ✗ Limpiadores a vapor
 - ✗ Agentes de limpieza "sin enjuague".
 - ✗ Siempre siga las instrucciones provistas por el fabricante del agente de limpieza.
- **No mezcle** los agentes de limpieza, a menos que esté indicado por el fabricante.
- **No rocíe** limpiadores directamente sobre el producto, ya que podrían caer gotas sobre las aberturas y espacios y causar daños. Cuando use limpiadores en spray, rocíe el limpiador sobre un paño suave o esponja.
- **Siempre** enjuague su producto Hansgrohe con agua limpia y séquelo y lustrelo con un paño suave después de la limpieza.

Importante

- Los residuos de productos de aseo como jabón líquido, champú, gel de ducha, tintes de pelo, perfumes, lociones de afeitado y esmalte de uñas pueden dañar también los materiales. Enjuague el producto con agua limpia después de cada uso.
- Los residuos de limpiadores para lavatorios, bañeras o azulejos pueden causar daño a los grifos y accesorios. Enjuague inmediatamente cualquier derrame que haya sobre el producto de Hansgrohe.
- Tampoco pueden generarse depósitos de productos de limpieza o químicos debajo de los productos, p. ej. En un armario de lavabo. De lo contrario, los vapores generados pueden dañar los productos.
- **Los daños que resulten de un cuidado inadecuado o uso de agentes de limpieza inadecuados no están cubiertos por la garantía.**
- **Si se daña un componente del producto, reemplácelo, ya que existe riesgo de lesión.**

Hansgrohe, Inc. Limited Warranty

Offering our customers the highest quality at all times is a fundamental part of the Hansgrohe, Inc. company philosophy. We offer consumers a limited warranty on our hansgrohe® and AXOR® branded products.

This warranty is limited to products manufactured by Hansgrohe, Inc. that are purchased from a Hansgrohe, Inc. authorized seller by a consumer in the United States or Canada after September 1, 2019, and installed in either the United States or in Canada.

WARRANTY

Hansgrohe, Inc. warrants to the original consumer purchaser that hansgrohe and AXOR products will be free from defects in material and workmanship for as long as the original consumer purchaser owns both the product and the home in which the product was originally installed. For commercial purchasers, the warranty period is (a) one (1) year for hansgrohe products and (b) five (5) years for AXOR products, in each case from the date of purchase. The warranty period for products in the Rubbed Bronze, Matte Black and Matte White finishes are three (3) years from the date of purchase. This warranty is non-transferable.

WHAT WE WILL DO

Hansgrohe, Inc., at its option, will replace any product or part of the product that proves defective in workmanship and/or material, under normal installation, use, service and maintenance. If Hansgrohe, Inc. is unable to provide a replacement part or product and repair is not practical or cannot be made in timely fashion, Hansgrohe, Inc. may elect to refund the purchase price in exchange for the return of the defective product. REPAIR OR REPLACEMENT (OR, IN LIMITED CIRCUMSTANCES, REFUND OF THE PURCHASE PRICE) AS PROVIDED UNDER THIS LIMITED WARRANTY IS THE EXCLUSIVE REMEDY OF THE PURCHASER.

WHAT IS NOT COVERED BY THE WARRANTY

Because Hansgrohe, Inc. is unable to control the quality of hansgrohe or AXOR products sold by unauthorized sellers, unless otherwise prohibited by law, this warranty does not cover hansgrohe or AXOR products purchased from unauthorized sellers. Authorized sellers can be found on hansgrohe and AXOR branded websites.

Labor and other expenses for disconnection, deinstallation, or return of the product for warranty service (including but not limited to proper packaging and shipping costs), or for installation or reinstallation of the product are not covered by this warranty.

Hansgrohe, Inc. shall not be liable for any damage to the product resulting from

- reasonable wear and tear
- outdoor use
- misuse (including use of the product for an unintended application)
- freezing water
- excessive water pressure
- pipe corrosion in the home in which the product is installed

- abuse, neglect or improper or incorrectly performed installation, maintenance or repair, including the use of abrasive or caustic cleaning agents or “no-rinse” cleaning products.

This warranty does not cover: (i) accessories, connected materials and products, or related products not manufactured by Hansgrohe, Inc. (ii) any hansgrohe or AXOR product sold for display purposes or (iii) hansgrohe or AXOR products purchased from unauthorized sellers.

WHAT YOU MUST DO TO OBTAIN WARRANTY SERVICE OR INFORMATION

Contact your retailer, or contact Technical Service at:

Hansgrohe, Inc.
1492 Bluegrass Lakes Parkway
Alpharetta, GA 30004
Toll-free 800 -334- 0455

In requesting warranty service, you will need to provide:

1. The sales receipt or other evidence of the date and place of purchase.
2. A description of the problem.
3. Delivery of the product or the defective part, postage prepaid and carefully packed and insured, to:

Hansgrohe, Inc.
1492 Bluegrass Lakes Parkway
Alpharetta, GA 30004
Toll-free 800 -334- 0455

When warranty service is completed, any repaired or replacement product or part will be returned to you postage prepaid.

REVISED SEPTEMBER 1, 2019.

Limitation on Duration of Implied Warranties: Some States do not allow limitations on how long an implied warranty lasts, so the below limitations may not apply to you. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, ANY IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE, IS LIMITED TO THE STATUTORY PERIOD OR THE DURATION OF THIS WARRANTY, WHICHEVER IS SHORTER.

Limitation of Special, Incidental or Consequential Damages: Some States do not allow the exclusion or limitation of incidental or consequential damages, so the below limitations and exclusions may not apply to you. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THIS WARRANTY DOES NOT COVER, AND HANSGROHE, INC. SHALL NOT BE LIABLE FOR, ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING LABOR CHARGES TO REPAIR, REPLACE, INSTALL OR REMOVE THIS PRODUCT), WHETHER ARISING OUT OF BREACH OF ANY EXPRESS OR IMPLIED WARRANTY, BREACH OF CONTRACT, TORT, OR OTHERWISE. HANSGROHE, INC. SHALL NOT BE LIABLE FOR ANY DAMAGE TO THE PRODUCT RESULTING FROM REASONABLE WEAR AND

TEAR, OUTDOOR USE, MISUSE (INCLUDING USE OF THE PRODUCT FOR AN UNINTENDED APPLICATION), FREEZING WATER, EXCESSIVE WATER PRESSURE, PIPE CORROSION IN THE HOME IN WHICH THE PRODUCT IS INSTALLED, ABUSE, NEGLIGENCE OR IMPROPER OR INCORRECTLY PERFORMED INSTALLATION, MAINTENANCE OR REPAIR, INCLUDING THE USE OF ABRASIVE OR CAUSTIC CLEANING AGENTS OR "NO-RINSE" CLEANING PRODUCTS.

Notice to residents of the State of New Jersey: The provisions of this warranty, including its limitations, are intended to apply to the fullest extent permitted by the laws of the State of New Jersey.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

PRODUCT INSTRUCTIONS AND QUESTIONS

Upon purchase or prior to installation, please carefully inspect your product for any damage or visible defect. Prior to installing, always carefully study the enclosed instructions on the proper installation and the care and maintenance of this product.

If you have questions at any time about the use, installation or performance of your product, or the Limited Warranty, please write us or call us toll-free at 800-334-0455.
